Within 15 days after an award has been submitted to the parties, the arbitrator shall submit an Arbitrator's Report and Fee Statement (Form R–19) to OAS showing a breakdown of the fee and expense charges so that the OAS may review conformance with stated charges under §1404.12(a). The Form R–19 is not to be used to invoice the parties. 

(d) While the FMCS encourages the publication of arbitration awards, arbitrators should not publicize awards if objected to by one of the parties.

§1404.15 Fees and charges of arbitrators.

(a) FMCS shall charge all arbitrators a fee to be listed on the Roster. All arbitrators listed on the Roster may charge a per diem fee and other predetermined fees for services, if the amount of such fees have been provided in advance to the FMCS. Each arbitrator’s maximum per diem fee and the existence of other predetermined fees, if any, are set forth on a biographical sketch which is sent to the parties when panels are submitted. The arbitrator shall not change any fee or add charges without giving at least 30 days’ advance written notice to the FMCS. Arbitrators with dual business addresses must bill the parties for expenses from the nearest business address to the hearing site.

(b) In cases involving unusual amounts of time and expenses relative to pre-hearing and post-hearing administration of a particular case, an administrative charge may be made by the arbitrator.

(c) Arbitrators shall submit their schedule of fees to both parties when accepting arbitration appointments. All charges other than those specified in paragraph (a) of this section shall be divulged to and agreed upon by the arbitrator with the parties immediately after appointment.

(d) The OAS requests that it be notified of any arbitrator’s deviation from the policies expressed in this part. While FMCS will not resolve fee disputes, repeated complaints concerning the fees charged by an arbitrator will be brought to the attention of the Arbitration Review Board for further consideration.

§1404.16 Reports and biographical sketches.

(a) Arbitrators listed on the Roster shall execute and return all documents, forms and reports required by FMCS. They shall also keep the OAS informed of changes of address, telephone number, availability, and of any business or other connection or relationship which involves labor-management relations or which creates or gives the appearance of advocacy as defined in §1404.5(c)(1).

(b) The OAS will provide biographical sketches on each person admitted to the Roster from information supplied by applicants. Arbitrators may request revision of biographical information at later dates to reflect changes in fees, the existence of additional charges, or other relevant data. The OAS reserves the right to decide and approve the format and content of biographical sketches.

III. Public Comment Procedures

In accordance with the provisions of 30 CFR 732.17(h), OSM is seeking comments on whether the proposed amendment satisfies the applicable program approval criteria of 30 CFR 732.15. If the amendment is deemed adequate, it will become part of the Colorado program.

1. Written Comments

Written comments should be specific, pertinent only to the issues proposed in this rulemaking, and include explanations in support of the commenter’s recommendations. Comments received after the time indicated under DATES or at locations other than the Denver Field Office will not necessarily be considered in the final rulemaking or included in the administrative record.
2. Public Hearing

Persons wishing to testify at the public hearing should contact the person listed under FOR FURTHER INFORMATION CONTACT by 4:00 p.m., M.D.T., on March 28, 1997. Any disabled individual who has need for a special accommodation to attend a public hearing should contact the individual listed under FOR FURTHER INFORMATION CONTACT. The location and time of the hearing will be arranged with those persons requesting the hearing. If no one requests an opportunity to testify at the public hearing, the hearing will not be held.

Filing of a written statement at the time of the hearing is requested as it will greatly assist the transcriber. Submission of written statements in advance of the hearing will allow OSM officials to prepare adequate responses and appropriate questions.

The public hearing will continue on the specified date until all persons scheduled to testify have been heard. Persons in the audience who have not been scheduled to testify, and who wish to do so, will be heard following those who have been scheduled. The hearing will end after all persons scheduled to testify and persons present in the audience who wish to testify have been heard.

3. Public Meeting

If only one person requests an opportunity to testify at a hearing, a public meeting, rather than a public hearing, may be held. Persons wishing to meet with OSM representatives to discuss the proposed amendment may request a meeting by contacting the person listed under FOR FURTHER INFORMATION CONTACT. All such meetings will be open to the public and, if possible, notices of meetings will be posted at the locations listed under ADDRESSES. A written summary of each meeting will be made a part of the administrative record.

IV. Procedural Determinations

1. Executive Order 12866

This rule is exempted from review by the Office of Management and Budget (OMB) under Executive Order 12866 (Regulatory Planning and Review).

2. Executive Order 12988

The Department of the Interior has conducted the reviews required by section 3 of Executive Order 12988 (Civil Justice Reform) and has determined that this rule meets the applicable standards of subsections (a) and (b) of that section. However, these standards are not applicable to the actual language of State regulatory programs and program amendments since each such program is drafted and promulgated by a specific State, not by OSM. Under sections 503 and 505 of SMCRA (30 U.S.C. 1253 and 1255) and the Federal regulations at 30 CFR 730.11, 732.15, and 732.17(h)(10), decisions on proposed State regulatory programs and program amendments submitted by the States must be based solely on a determination of whether the submittal is consistent with SMCRA and its implementing Federal regulations and whether the other requirements of 30 CFR Parts 730, 731, and 732 have been met.

3. National Environmental Policy Act

No environmental impact statement is required for this rule since section 702(d) of SMCRA (30 U.S.C. 1292(d)) provides that agency decisions on proposed State regulatory program provisions do not constitute major Federal actions within the meaning of section 102(2)(C) of the National Environmental Policy Act (42 U.S.C. 4332(2)(C)).

4. Paperwork Reduction Act

This rule does not contain information collection requirements that require approval by OMB under the Paperwork Reduction Act (44 U.S.C. 3507 et seq.).

5. Regulatory Flexibility Act

The Department of the Interior has determined that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 et seq.). The State submittal that is the subject of this rule is based upon counterpart Federal regulations for which an economic analysis was prepared and certification made that such regulations would not have a significant economic effect upon a substantial number of small entities. Accordingly, this rule will ensure that existing requirements previously promulgated by OSM will be implemented by the State. In making the determination as to whether this rule would have a significant economic impact, the Department relied upon the data and assumptions for the counterpart Federal regulations.

6. Unfunded Mandates

This rule will not impose a cost of $100 million or more in any given year on any governmental entity or the private sector.
