Notice of Logging of Consent Decree Pursuant to the Resource Conservation and Recovery Act

Notice is hereby given that a consent decree that addresses claims in two Federal Court cases—*United States v. Bethlehem Steel Corporation*, Civ. Act. No. JFM-97-559 (D.Md.) and *Maryland v. Bethlehem Steel Corporation*, Civ. Act. No. JFM-97-558 (D.Md.)—was lodged on February 25, 1997.

The proposed decree resolves the claims of the United States under section 3008(h) of the Resource Conservation and Recovery Act ("RCRA"), 42 U.S.C. 6928, for performance of studies and other activities to investigate environmental contamination at the Bethlehem Steel

plant at Sparrows Point, Maryland. The decree also addresses claims brought by the State of Maryland and the Maryland Department of the Environment under RCRA and State laws relating to air pollution and solid waste disposal. The decree obligates Bethlehem to pay a civil penalty of \$350,000 to Maryland and, *inter alia*, to (a) perform a comprehensive investigation of contamination at the facility; (b) propose a plan for cleanup; (c) take prompt action to address conditions that pose a threat to human health or the environment; (d) reduce emission of particulate matter into the air; (e) recycle large quantities of waste and thereby reduce toxic emissions from the plant; and (f) improve management of its solid waste landfills. The United States and the State retain their legal authority to require Bethlehem to carry out the plan for ultimate cleanup of the facility.

The Department of Justice will receive, for a period of thirty (30) days from the date of this publication, comments relating to the proposed consent decree.
