BILLING CODE 4160-15-M

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Health Resources and Services Administration (HRSA) publishes abstracts of information collection requests under review by the Office of Management and Budget, in compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). To request a copy of the clearance requests submitted to OMB for review, call the HRSA Reports Clearance Office on (301)-443-1129.

The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

Black Lung Clinic Program Guidelines (42 CFR 55a) (OMB No. 0915-0081) Extension/No Change

The purpose of the Black Lung Clinics Program (BLCP) is to stimulate and encourage local public and private agencies to improve the health status of coalworkers and to increase coordination with other programs to assist the coalworkers population. The goal of the BLCP is to provide services to minimize the effects of respiratory and pulmonary impairments of coal miners. Grantees provide specific diagnostic and treatment procedures required in the management of problems

associated with black lung disease which improve the functional status, i.e., "quality of life", of the miner and reduce economic costs associated with morbidity and mortality arising from pulmonary diseases.

This request is for approval of the application requirements which are included in the program guidelines and the program regulations (42 CFR 55a.201 and 55a.301). Grantees must submit applications annually for continued grant support. The regulations outline the requirements for grant applications for States (55a.201) and for entities other than States (55a.301). The program guidelines further elaborate on these requirements.

As a result of a routine review of the program regulations for compliance with the new provisions of the Paperwork Reduction Act (PRA) of 1995, it was determined by HRSA and confirmed by OMB that other previously cleared regulatory requirements were not subject to OMB review under the PRA. Those sections of the regulations have been deleted from this request.

The grant application form is cleared under another OMB approval (OMB No. 0937-0189). The burden for completing the application is not reflected in the Black Lung clearance request because the burden is reported in the clearance of the application form.

The current request for clearance includes one hour of burden, to keep the clearance of the program-specific application requirements on the OMB database.

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: Virginia Huth, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, D.C. 20503.

Dated: March 11, 1997.

J. Henry Montes,

Director, Office of Policy and Information Coordination.

The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

AIDS Education and Training Centers Program: National Program and Service Record Data Reporting Form (OMB No. 0915-0154)—Extension, No Change

Under section 2692(a) of the Public Health Service Act, information on training programs and training participants is obtained from 15 AIDS Education Training Centers (ETCs) currently operating in health professions schools and academic health science centers. The goal of the AIDS ETC program is to increase the number of health care providers who are effectively educated and motivated to counsel, diagnose, treat and manage individuals with HIV infection and to assist in the prevention of high risk behaviors which may lead to infection. The National Program and Service Record Data Reporting (NPSR) Form is used by ETCs to provide standardized reporting of project activities for Federal program monitoring. The burden estimates are as follows:

Form	Number of respondents	Responses per respondent	Hours per response	Total burden hours
NPSR	15	2	84	2,520

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: Virginia Huth, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office
