

a biological fungicide (EPA File Symbol 69834-R) for formulation use only, containing the technical grade active ingredients *Trichoderma hamatum*, *Bacillus megaterium*, *Rhodotorula glutinis*, and *Penicillium oxalicum* active ingredients not included in any previously registered product pursuant to the provisions of section 3(c)(4) of FIFRA. Notice of receipt of this application does not imply a decision by the Agency on the application.

Notice of approval or denial of an application to register a pesticide product will be announced in the **Federal Register**. The procedure for requesting data will be given in the **Federal Register** if an application is approved.

Comments received within the specified time period will be considered before a final decision is made; comments received after the time specified will be considered only to the extent possible without delaying processing of the application.

A record has been established for this notice under docket number [OPP-30431] (including comments and data submitted electronically as described below). A public version of this record, including printed, paper versions of electronic comments, which does not include any information claimed as CBI, is available for inspection from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The public record is located in Rm. 1132 of the Public Response and Program Resources Branch, Field Operations Division (7506C), Office of Pesticide Programs, Environmental Protection Agency, Crystal Mall #2, 1921 Jefferson Davis Highway, Arlington, VA.

Electronic comments can be sent directly to EPA at:

opp-docket@epamail.epa.gov

Electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption.

The official record for this notice, as well as the public version, as described above will be kept in paper form. Accordingly, EPA will transfer all comments received electronically into printed, paper form as they are received and will place the paper copies in the official record which will also include all comments submitted directly in writing. The official record is the paper record maintained at the address in "ADDRESSES" at the beginning of this document.

Written comments filed pursuant to this notice, will be available in the Public Response and Program Resources Branch, Field Operations Division at the address provided from 8:30 a.m. to 4

p.m., Monday through Friday, excluding legal holidays. It is suggested that persons interested in reviewing the application file, telephone this office at (703-305-5805), to ensure that the file is available on the date of intended visit.

Authority: 7 U.S.C. 136.

Certain Chemical Approval of Modifications to Test Marketing Exemption

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's approval of modifications of the test marketing period for a test marketing exemption (TME) under section 5(h)(1) of the Toxic Substances Control Act (TSCA) and 40 CFR 720.38. EPA designated the original test marketing application as TME-90-11. The test marketing conditions are described below.

EFFECTIVE DATE: March 20, 1997.

FOR FURTHER INFORMATION CONTACT:

Darlene Jones, New Chemicals Branch, Chemical Control Division (7405), Office of Pollution Prevention and Toxics, Environmental Protection Agency, Rm. E-447, 401 M St. SW., Washington, D.C. 20460, (202 260-2279), e-mail: jones.darlene.@epamail.epa.gov.

SUPPLEMENTARY INFORMATION: Section 5(h)(1) of TSCA authorizes EPA to exempt persons from premanufacture notification (PMN) requirements and permit them to manufacture or import new chemical substances for test marketing purposes if the Agency finds that the manufacture, processing, distribution in commerce, use, and disposal of the substances for test marketing purposes will not present an unreasonable risk of injury to health or the environment. EPA may impose restrictions on test marketing activities and may modify or revoke a test marketing exemption upon receipt of new information which casts significant

doubt on its finding that the test marketing activity will not present an unreasonable risk of injury.

EPA hereby approves the modifications of the test marketing period, production volume, and number of customers for TME-90-11. EPA has determined that test marketing of the new chemical substance described below, under the conditions set out in the TME applications and modification requests, and for the modified time periods specified below, will not present any unreasonable risk of injury to health or the environment. Production volume, use, and the number of customers must not exceed that specified in the application. All other conditions and restrictions described in the original Notice of Approval of Test Marketing Application must be met.

TME-90-11

Notice of Approval of Original Application: July 13, 1990 (55 FR 22827).

Production Volume: 15,000 kilograms per year.

Number of Customers: Confidential
Modified Test Marketing Period: 36 months.

Commencing On: First day of manufacture.

The Agency reserves the right to rescind approval or modify the conditions and restrictions of an exemption should any new information come to its attention which casts significant doubt on its finding that the test marketing activities will not present any unreasonable risk of injury to health or the environment.
