BILLING CODE 4310-70-M

Saint Croix National Scenic Riverway, Minnesota and Wisconsin

AGENCY: National Park Service, Interior.

ACTION: Implementation of Saint Croix National Scenic Riverway interim camping management program.

SUMMARY: The National Park Service, Saint Croix National Scenic Riverway, will, over the next 3 years, update its 1993 Camping Management Plan and program to bring it into compliance with National Park Service policy and regulations. This interim program will parallel the Lower Saint Croix Riverway Cooperative Management Plan and Upper Saint Croix Riverway General Management Plan planning processes. No action will be taken that is not in keeping with the general direction of the planning process or that cannot be changed.

Current direction for implementing the riverway's camping management program is provided in the Riverway's Lower Riverway Master Plan (February 1976), Upper Riverway Master Plan (August 1976), River Use Management Plan (1992), National Park Service Management Policies (1988), and Title 36, Code of Federal Regulations. The National Park Service will continue to manage camping along the Upper Riverway consistent with current practices, including limiting camping on Federal lands to designated sites and landings north of Nevers Dam (mile 63). In addition to the above camping requirements, the National Park Service will immediately begin to actively manage camping along the Lower Saint Croix National Scenic Riverway between Saint Croix Falls, Wisconsin/Taylor Falls, Minnesota (mile 53) to the north city limits of Stillwater (mile 25) and may begin action on that section of the Upper Saint Croix Riverway from Saint Croix Falls/Taylor Falls north to Nevers Dam (mile 63). Management actions will include the increased enforcement of existing rules and regulations and the development of a "designated site" camping program. This year's proposed actions will be published in final in the Saint Croix

National Scenic Riverway Superintendent's Compendium later this spring.

In addition, the National Park Service is seeking citizen volunteers to assist in revising, updating, and implementing its interim and long range Camping Management Plan and program. Assistance is sought in identifying, developing, and maintaining sites, as well as assistance in general river shoreline clean-up. Any interested individuals should contact the Superintendent at the address listed below.

A copy of the proposed designation/zoning program for 1997 may be requested by contacting the Superintendent at the address provided below. Authority for the Superintendent to take action is found in 36 CFR 2.10 Camping and Food Storage and 36 CFR 2.14 Sanitation and Refuse.

DATES: The Superintendent, Saint Croix National Scenic Riverway, will accept comments regarding camping and overnight use on the Saint Croix National Scenic Riverway until May 1, 1997.

ADDRESSES: Copies of the Superintendent's Compendium will be available for public review on May 7, 1997 at the following locations: Superintendent's Office, Saint Croix National Scenic Riverway, 401 Hamilton Street, St. Croix Falls, Wisconsin; Lower Saint Croix National Scenic Riverway Stillwater Visitor Center, 117 Main Street, Stillwater, Minnesota; Upper Saint Croix National Scenic Riverway Marshland Visitor Center, Highway 70, Grantsburg, Wisconsin; and the Upper Saint Croix National Scenic Riverway Trego Visitor Center, Highway 63, Trego, Wisconsin.

FOR FURTHER INFORMATION CONTACT: Superintendent Anthony L. Andersen, Saint Croix National Scenic Riverway, P.O. Box 708, St. Croix Falls, Wisconsin 54024; telephone 715-483-3284, fax 715-483-3288, or e:mail him SACN_Superintendent@NPS.Gov.

Dated: March 20, 1997.

David N. Given,

Deputy Regional Director.
