

DEPARTMENT OF LABOR**Employment and Training
Administration****[NAFTA-01293]****Ekco Group, Inc., Kellogg Brush
Manufacturing Company,
Easthampton, Massachusetts; Notice
of Termination of Certification**

This notice terminates the Certification Regarding Eligibility to Apply For Worker Adjustment Assistance issued by the Department on December 2, 1996, for all workers of Ekco Group, Inc., Kellogg Brush Manufacturing Company, Easthampton, Massachusetts. The notice of certification was published in the **Federal Register** on December 24, 1996 (61 FR 67859).

At the request of the State agency, the Department reviewed the certification for workers of Ekco Group, Inc., Kellogg Brush Manufacturing Company. Workers of the subject firm produced brooms, brushes and mops. When the worker certification was issued it was determined that the requirements of (a)(1)(B) of Section 250 were met. The company was shifting production of brooms, brushes and mops from the workers' firm to Mexico.

New information provided by the company reveals that the Ekco Group will not shift production to Mexico as originally planned, but will instead consolidate the Easthampton, Massachusetts production into Ekco's Hamilton, Ohio location.

Further investigation was conducted to determine if imports from Mexico or Canada of articles like or directly competitive with the products produced at Kellogg Brush contributed to worker separations.

Investigation findings reveal there are no company imports of brooms brushes or mops from Mexico or Canada.

The Department surveyed the major declining customers of Ekco Group, Inc. regarding their purchases of brooms, brushes and mops during 1995 and 1996. The survey revealed that none of the respondents increased their purchases of imports while decreasing their purchases from the subject firm during the relevant period.

Since there are no adversely affected workers of the subject firm, the continuation of the certification would serve no purpose and the certification has been terminated.

Signed at Washington, D.C., this 24th day of March 1997.

Russell T. Kile,

Program Manager, Policy and Reemployment Services, Office of Trade Adjustment Assistance.

1. *Type of submission, new, revised, or extension:* Revised.

2. *The title of the information collection:* Proposed Rule, 10 CFR 73 Changes to Nuclear Power Plant Security Requirements.

3. *The form number if applicable:* Not applicable.

4. *How often is the collection required:* Monthly.

5. *Who will be required or asked to report:* Nuclear power plant licensees.

6. *An estimate of the number of responses:* 900.

7. *An estimate of the number of respondents:* 75.

8. *An estimate of the total number of hours needed annually to complete the requirement or request:* 1,500 hrs. Reduction of burden: 7,500 hrs.

9. *An indication of whether Section 3504(h), Pub. L. 96-511 applies:* Applicable.

10. *Abstract:* Currently section 73.55(d)(7) requires the licensee to establish, maintain, and update an access authorization list monthly for each vital area. This requirement is used to limit unescorted access to vital areas during nonemergency conditions to individuals who require access in order to perform their duties. Thus, a licensee with ten vital areas is required to keep ten lists. The proposed regulation will require only one list per licensee which will encompass all vital areas.
