- VIII. Old Business
- IX. New Business

Members of the public interested in attending the meeting should contact Ms. Angela R. Washington, at the

Advisory Board Office. Ms. Washington can be reached at (305) 994-1784.

Determination To Close a Portion of the Advisory Board Meeting of April 11, 1997

Based on information provided to me by the Advisory Board for Cuba Broadcasting, I hereby determine that the 10:30 a.m. to 11:15 a.m. portion of this meeting should be closed to the public.

The Advisory Board has requested that part one of the April 11, 1997, meeting be closed to the public. Part one will involve information the premature disclosure of which would likely frustrate implementation of a proposed Agency action. Closing such deliberations to the public is justified by the Government in the Sunshine Act under 5 U.S.C. 522b(c)(9)(B).

Part one of the agenda consists of a discussion of technical matters, which include TV Marti transmissions, frequencies, alternate channels and new technologies for Radio Martí.

Dated: April 7, 1997.

Joseph Duffey,
Director, United States Information Agency.

BILLING CODE 8230-01-M

UTAH RECLAMATION MITIGATION AND CONSERVATION COMMISSION

Notice of Availability of the Record of Decision on the Wasatch County Water Efficiency Project and Daniel Replacement Project Final Environmental Impact Statement

AGENCY: The Utah Reclamation Mitigation and Conservation Commission (Mitigation Commission).

ACTION: Notice of availability of the Record of Decision (ROD).

SUMMARY: On March 12, 1997, Don A. Christiansen, Chairman of the Utah Reclamation Mitigation and

Conservation Commission signed the Record of Decision (ROD) which documents the selection of the Proposed Action Alternative as presented in the Wasatch County Water Efficiency Project and Daniel Replacement Project (WCWEP and DRP) Final Environmental Impact Statement (FEIS), INT FES 96-58, filed November 22, 1996, and as described in the WCWEP Feasibility Study dated January 1997. The ROD also approves the Central Utah Water Conservancy District (CUWCD) proceeding with construction of WCWEP and DRP, in accordance with statutory and contractual obligations. Construction of WCWEP will conserve water from the Central Utah Project agricultural supply for Wasatch County and provide it as replacement water for the water presently being diverted from the Strawberry River basin by the Daniel Irrigation Company (DIC). Restoration of natural stream flows to the Strawberry River basin constitutes more than one-fourth of the aquatic mitigation required for the Strawberry Aqueduct and Collection System of the Central Utah Project. The replacement supply will be delivered by means of the DRP.

The FEIS for WCWEP and DRP considered three alternatives to restore flows in the upper Strawberry River and to provide water and water conveyance facilities from Jordanelle Reservoir to the existing DIC water storage facilities as mandated in section 303 of the Central Utah Project Completion Act (CUPCA) and a No Action Alternative. The Utah Reclamation Mitigation and Conservation Commission (Mitigation Commission), the Department of the Interior (Interior), and the CUWCD served as the Joint Lead Agencies in the preparation of the NEPA compliance documents.

In addition to satisfying the requirements and authorizations of CUPCA, the construction of the WCWEP and DRP will satisfy the environmental commitment made in the U.S. Bureau of Reclamation's 1990 Final Supplement to
