

effects for children is complete. Further, for the chemical metolachlor, the NOEL of 9.7 mg/kg/day from the metolachlor chronic dog study, which was used to calculate the RfD (discussed above), is already lower than the developmental NOEL's of 360 mg/kg/day from the metolachlor teratogenicity studies in rats and rabbits. In the metolachlor reproduction study, the lack of severity of the pup effects observed (decreased body weight) at the systemic LOEL (equivalent to 75.8 to 85.7 mg/kg/day) and the fact that the effects were observed at a dose that is nearly 10 times greater than the NOEL in the chronic dog study (9.7 mg/kg/day) suggest there is no additional sensitivity for infants and children. Therefore, it is concluded that an additional uncertainty factor is not warranted to protect the health of infants and children and that the RfD at 0.1 mg/kg/day based on the chronic dog study is appropriate for assessing aggregate risk to infants and children from use of metolachlor.

Using the conservative exposure assumptions described above, the percent of the RfD that will be utilized by aggregate exposure to residues of metolachlor including the proposed use on tomatoes is 1.1 percent for nursing infants less than 1 year old, 3.5 percent for non-nursing infants, 3.0 percent for children 1 to 6 years old and 2.2 percent for children 7 to 12 years old. Therefore, based on the completeness and reliability of the toxicity data and the conservative exposure assessment, it is concluded that there is a reasonable certainty that no harm will result to infants and children from aggregate exposure to metolachlor residues.

**K. Estrogenic Effects**

Metolachlor does not belong to a class of chemicals known or suspected of having adverse effects on the endocrine system. There is no evidence that metolachlor has any effect on endocrine function in developmental or reproduction studies. Furthermore,

histological investigation of endocrine organs in the chronic dog, rat and mouse studies conducted with metolachlor did not indicate that the endocrine system is targeted by metolachlor, even at maximally tolerated doses administered for a lifetime. Although residues of metolachlor have been found in raw agricultural commodities, there is no evidence that metolachlor bioaccumulates in the environment.

BILLING CODE 6560-50-F

**FEDERAL HOUSING FINANCE BOARD**

[No. 97-N-2]

**Notice of Federal Home Loan Bank Members Selected for Community Support Review**

AGENCY: Federal Housing Finance Board.

ACTION: Notice.

**SUMMARY:** The Financial Institutions Reform, Recovery, and Enforcement Act of 1989 added a new Section 10(g) to the Federal Home Loan Bank Act of 1932 requiring that members of the Federal Home Loan Bank (FHLBank) System meet standards for community investment or service in order to maintain continued access to long-term FHLBank System advances. In compliance with this statutory change, the Federal Housing Finance Board (Housing Finance Board) promulgated Community Support regulations (12 CFR Part 936). Under the review process established in the regulations, the Housing Finance Board will select a certain number of members for review each quarter, so that all members that are subject to the Community Reinvestment Act of 1977, 12 U.S.C. § 2901 *et seq.*, (CRA), will be reviewed once every two years. The purpose of this Notice is to announce the names of the members selected for the fifth

quarter review (1996-97 cycle) under the regulations. The Notice also conveys the dates by which members need to comply with the Community Support regulation review requirements and by which comments from the public must be received.

**DATES:** Due Date For Member Community Support Statements for Members Selected in Fifth Quarter Review: May 29, 1997.

Due Date For Public Comments on Members Selected in Fifth Quarter Review: May 29, 1997.

**FOR FURTHER INFORMATION CONTACT:** Mitchell Berns, Director, Office of Supervision, (202) 408-2562, Federal Housing Finance Board, 1777 F Street, NW., Washington, DC 20006. A telecommunications device for deaf persons (TDD) is available at (202) 408-2579.

**SUPPLEMENTARY INFORMATION:**

**A. Selection for Community Support Review**

The Housing Finance Board currently reviews all FHLBank System members that are subject to CRA approximately once every two years. Approximately one-eighth of the FHLBank members in each district will be selected for review by the Housing Finance Board each calendar quarter. To date, only members that are subject to CRA have been reviewed. In selecting members, the Housing Finance Board follows the chronological sequence of the members' CRA Evaluations post-July 1, 1990, to the greatest extent practicable, selecting one-eighth of each District's membership for review each calendar quarter. However, the Housing Finance Board will postpone review of new members until they have been System members for one year.

Selection for review is not, nor should it be construed as, any indication of either the financial condition or Community Support performance of the institutions listed.

**B. List of FHLBank Members To Be Reviewed in the Fifth Quarter, Grouped by FHLBank District**

### C. Due Dates

Members selected for review must submit completed Community Support Statements to their FHLBanks no later than May 29, 1997.

All public comments concerning the Community Support performance of selected members must be submitted to the members' FHLBanks no later than May 29, 1997.

### D. Notice to Members Selected

Within 15 days of this Notice's publication in the **Federal Register**, the individual FHLBanks will notify each member selected to be reviewed that the

member has been selected and when the member must return the completed Community Support Statement. At that time, the FHLBank will provide the member with a Community Support Statement form and written instructions and will offer assistance to the member in completing the Statement. The FHLBank will only review Statements for completeness, as the Housing Finance Board will conduct the actual review.

### E. Notice to Public

At the same time that the FHLBank members selected for review are notified

of their selection, each FHLBank will also notify community groups and other interested members of the public.

The purpose of this notification will be to solicit public comment on the Community Support records of the FHLBank members pending review.

Any person wishing to submit written comments on the Community Support performance of a FHLBank member under review in this quarter should send those comments to the member's FHLBank by the due date indicated in order to be considered in the review process.

Dated: March 28, 1997.

By the Federal Housing Finance Board.

**Bruce A. Morrison,**  
Chairman.

BILLING CODE 6725-01-P

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Centers for Disease Control and Prevention

#### Site Registration Fee Schedule and Related Matters for Facilities Transferring or Receiving Select Agents

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services.

ACTION: Notice.

SUMMARY: The Centers for Disease Control and Prevention is announcing its site registration fee schedule for facilities registered under 42 CFR 72.6. This notice includes the total fee for facilities in three categories, small, medium, and large. The fee is broken down into subtotals that illustrate how the agency derived the total fee. In return for the fee, the facility receives a 3 year site registration and is subject to inspection during that time period. Also included in this notice is clarification of the exemption of certain toxins, as well as clarification of biosafety levels for certain viruses in the regulation.

DATES: Effective date is April 15, 1997.

FOR FURTHER INFORMATION CONTACT: Lynn Myers, Office of Health and Safety, Centers for Disease Control and Prevention (CDC), 1600 Clifton Road, NE., MS-F05, Atlanta, GA 30333, telephone (404) 639-3235.

#### SUPPLEMENTARY INFORMATION:

##### Background

"The Antiterrorism and Effective Death Penalty Act of 1996," enacted on April 24, 1996, established new provisions to regulate transfer of hazardous agents, and required HHS to issue rules to implement these provisions. The final rule was published in the **Federal Register** on October 24, 1996 and will become effective April 15, 1997. To comply with the final rule, commercial suppliers of select agents, as well as government agencies, universities, research institutions, individuals, and private companies that transfer or obtain these agents, must register with the Centers for Disease Control and Prevention (CDC). The rule also authorizes CDC to inspect those facilities seeking registration to determine whether the applicant facility meets the appropriate biosafety level requirements. In return for the certification and inspection, facilities are responsible for a site registration fee. This notice lays out those fees and provides technical clarification of related matters in the regulation.

##### Site Registration Fees

According to 42 CFR 72.6(a)(2)(iv), registration of a facility is to include "[c]ollection of a periodic site registration fee by [CDC]. A schedule of fees collected by [CDC] to cover the direct costs (e.g., salaries, equipment, travel) and indirect costs (e.g., rent, telephone service and a proportionate share of management and administration costs) related to administration of this part will be published in the **Federal Register** and updated annually."

##### Definitions

A facility is defined in 42 CFR 72.6(j) as "any individual or government agency, university, corporation, company, partnership, society, association, firm, or other legal entity located at a single geographic site that may transfer or receive through any means a select agent subject to this part." For the purpose of assessing the site registration fees, facilities are broken down into three categories, small, medium, and large, depending upon the size of the facility, the number of personnel working in the facility, and the amount of work done in the facility.

A small facility has one laboratory area (one biological safety cabinet (BSC) and supporting supplies and equipment) or one room housing one or more animals (animal room) doing work with one select agent, or group of closely related select agents, at one

biosafety level (BSL), by one principal investigator and his/her support staff. If the one laboratory area is used by more than one principal investigator or for more than one select agent/group of closely related select agents, the facility is a medium facility.

A medium facility has laboratory areas and animal rooms that in combination total between two and five. All laboratories must be under the supervision of one responsible facility official and must be located in the same single geographic site. These laboratories shall be used by no more than five principal investigators and their support staffs, for work on no more than five select agents/groups of closely related select agents during the three year registration period. If more than five principal investigators work in the laboratories or more than five select agents (or groups of closely related select agents) are used, the facility is a large facility.

A large facility has laboratory areas and animal rooms that in combination total more than five. All laboratories must be under the supervision of one responsible facility official and must be located in the same single geographic site.

Any facility working with select agents at BSL 4, whether small, medium or large, is assessed an additional fee. In addition, any facility that makes more than 50 select agent transfers per year, whether small, medium or large, is assessed an additional fee.

##### Fee Schedule

Site registration fees for facilities registering before March 31, 1998 will be as follows:

Small Facility, \$13,000

Medium Facility, \$14,000

Large Facility, \$15,000

Biosafety Level 4 Laboratory—add \$2,000 to facility fee

More than 50 select agent transfers per year—add \$1,000 to facility fee

The fee and site registration covers a three year time period. The fee is due at the time of application for registration.

##### Cost Estimates on Which Fees Are Based

Site registration fees listed above are based on cost estimates for administering the program for the three year period 1997-99. We estimate that there will be approximately 50 small facilities, 100 medium facilities and 50 large facilities registered. The fee cost calculation is based on an estimate of contractor and government costs.

A contractor will carry out most activities related to facility registration,
