

CONSUMER PRODUCT SAFETY COMMISSION

Submission for OMB Review; Comment Request—Follow-up Activities for Product-Related Injuries

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: In the *Federal Register* of January 9, 1997 (62 FR 1325), the Consumer Product Safety Commission published a notice in accordance with provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) to announce the agency's intention to seek extension of approval of a collection of information conducted during follow-up activities for product-related injuries. By publication of this notice, the Commission announces that it has submitted to the Office of Management and Budget a request for reinstatement of approval of that collection of information without change through May 31, 2000.

Section 5(a) of the Consumer Product Safety Act (15 U.S.C. § 2054(a)) requires the Commission to collect information related to the cause and prevention of death, injury, and illness associated with consumer products, and to conduct continuing studies and investigations of deaths, injuries, diseases, and economic losses resulting from accidents involving consumer products. The Commission uses this information to support rulemaking proceedings, development and improvement of voluntary standards, information and education programs, and administrative and judicial proceedings to remove unsafe products from the marketplace and consumers' homes.

Persons who have been involved in or who have witnessed incidents associated with consumer products are an important source of information about deaths, injuries, and illnesses resulting from such incidents. From consumer complaints, newspaper accounts, death certificates, hospital emergency room reports, and other sources, the Commission selects a limited number of accidents for investigation. These investigations may involve face-to-face interviews with accident victims or witnesses, or telephone interviews with those persons.

Additional Details About the Request for Approval of a Collection of Information

Agency address: Consumer Product Safety Commission, Washington, D.C. 20207.

Title of information collection: Follow-Up Activities for Product-Related Injuries.

Type of request: Extension of approval.

Frequency of collection: One time for each respondent.

General description of respondents: Persons who have been involved in, or who have witnessed, incidents associated with consumer products.

Estimated number of respondents: Total 4,060; 2,200 to be interviewed by telephone; 700 to be interviewed at the incident site; 1,000 who fill out forms on the Commission's internet web site or in Commission publications; 160 to be interviewed by hot-line operators.

Estimated annual average number of hours per respondent: 0.34 hour for each telephone interview; 5.0 hours for each on-site interview; 0.2 hour to fill out a form; 0.025 hour for each hot-line interview.

Estimated total annual number of hours for all respondents: 4,452.

Comments: Comments on this request for reinstatement of approval of a collection of information should be sent within 30 days of publication of this notice to Victoria Wassmer, Desk Officer, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20503; telephone: (202) 395-7340. Copies of the request for reinstatement of approval of a collection of information and supporting documentation are available from Robert E. Frye, Director, office of Planning and Evaluation, Consumer Product Safety Commission, Washington, DC 20207; telephone: (301) 504-0416, extension 2264.

Dated: April 9, 1997.

Sadye E. Dunn,

Secretary, Consumer Product Safety Commission.

Department of the Navy

Notice of Intent To Prepare an Environmental Impact Statement for The Proposed Disposal and Reuse of Naval Air Station South Weymouth, Massachusetts

SUMMARY: Pursuant to Council on Environmental Quality regulations (40 CFR Parts 1500-1508), implementing procedural provisions of the National Environmental Policy Act (NEPA), the Department of the Navy announces its intent to prepare an Environmental Impact Statement (EIS) for the proposed disposal and reuse of Naval Air Station (NAS) South Weymouth, Massachusetts.

In 1995, President Clinton and Congress accepted the recommendations of the Congressional Committee on Base Realignment and Closure (BRAC) to close NAS South Weymouth, Massachusetts. The proposed action to be considered and evaluated in the EIS is the disposal and reuse of the NAS

South Weymouth property determined surplus to the needs of the federal government.

NAS South Weymouth, located in both Plymouth and Norfolk counties in Massachusetts, consists of approximately 1417 acres. It is situated in the three communities of Weymouth, Rockland, and Abington. A family housing area and a ten-acre parcel on the main base have been transferred to the U.S. Coast Guard. The remainder of NAS South Weymouth main base property will be available for redevelopment by the local communities.

Two off-base family housing areas are located in the city of Quincy. The disposal and reuse of these sites will be addressed in a separate environmental document. In addition, NAS South Weymouth owns and maintains a bombing target range on No Man's Island located approximately three miles from Martha's Vinyard in the Atlantic Ocean. No Man's Island will be transferred to the Department of the Interior for continued use as a natural wildlife area.

The NAS South Weymouth Reuse Committee acting as the Local Redevelopment Authority (LRA) has prepared a reuse plan for the NAS property. The plan represents a reasonable and likely redevelopment scenario based on the proposed zoning of the site. The EIS will evaluate environmental impacts or reuse, as well as of other reasonable possible redevelopment scenarios under current or other zoning classifications. Navy will also evaluate the no action alternative, defined as the retention of NAS South Weymouth by the federal government. Environmental issues that will be addressed in the EIS include air quality, water quality, wetland impacts, endangered species impacts, cultural resource impacts, and socioeconomic impacts.

ADDRESSES: The Navy will hold a public meeting to further identify the scope of issues to be addressed in the EIS. The meeting will be co-chaired by the Massachusetts Department of Environmental Protection, which is a cooperating agency in the preparation of the EIS. The meeting will be held on Tuesday, April 29, 1997, beginning at 7:30 p.m., at Hangar 1, NAS South Weymouth. Navy representatives will make a brief presentation, then members of the public will be asked to provide their comments. Agencies and the public are encouraged to provide written comments in addition to, or in lieu of, oral comments at the scoping meeting. To be most helpful, comments

should clearly describe specific issues or topics which the EIS should address. Written comments must be postmarked by May 15, 1997, and should be mailed to Commanding Officer, Northern Division, Naval Facilities Engineering Command, Attn. Mr. Kurt Frederick (Code 202KF), 10 Industrial Highway, MSC 82, Lester, PA 19113. All statements, both oral and written, will become part of the public record on this action and will be given equal consideration.

FOR FURTHER INFORMATION CONTACT:

Additional information concerning this notice may be obtained by contacting Mr. Kurt Frederick at (610) 595-0728, facsimile (610) 595-0778.

Dated: April 9, 1997.

D.E. Koenig,

LCDR, JAGC, USN, Federal Register Liaison Officer.
