April 8, 1997.

Take notice that on March 31, 1997, Algonquin Gas Transmission Company (Algonquin), 1284 Soldiers Field Road, Boston, Massachusetts 02135, filed in Docket No. CP97-318-000, an abbreviated application pursuant to Section 7(c) of the Natural Gas Act for authorization to construct and operate a lateral pipeline to connect Algonquin's existing pipeline system with facilities owned by the Taunton Municipal Light Plant (TMLP), all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Algonquin proposes to construct and operate approximately 924 feet of 12-inch diameter pipeline lateral and appurtenant facilities from a point on Algonquin's existing G-10 system in the Town of Berkeley, Massachusetts, passing under the Taunton River, to Taunton, Massachusetts. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedures herein provided for, unless otherwise advised, it will be unnecessary for Algonquin to appear or be represented at the hearing.
