Decision List No. 23—Week of March 3 Through March 7, 1997

Appeals

Sheet Metal Workers' International Association, 3/5/97, VFA-0268

Sheet Metal Workers' International Association (Appellant) filed an Appeal of a Determination issued to it by the Department of Energy (DOE) in response to a request under the Freedom of Information Act (FOIA). In the request, the Appellant asked for apprentice registration forms and certified payroll records generated in connection with a contract to build a Clean Room. In its Determination, Oak Ridge Operations Office (Oak Ridge) found that the DOE

did not have any responsive documents in its possession. On appeal, the Appellant argued that the DOE must possess such documents because the Clean Room contract was a construction contract and under the Davis-Bacon Act, the agency was required to keep such records. The Office of Hearings and Appeals (OHA) found that the Clean Room contract had been classified as a service contract not covered by the Davis-Bacon Act. Therefore, OHA upheld Oak Ridge's Determination that the agency did not possess responsive documents. The OHA also found that the agency did not own any responsive documents under contract. Therefore, the DOE denied the Appeal.

Personnel Security Hearings

Personnel Security Hearing, 3/5/97, VSO-0114

A Hearing Officer found that an individual had not successfully mitigated security concerns arising from

his providing false information and his pattern of keeping certain of his behavior secret. These behaviors tended to show that the individual was not honest, reliable, and trustworthy. Accordingly, the Hearing Officer recommended in the Opinion that the individual's access authorization not be restored.

Personnel Security Hearing, 3/6/97, VSO-0115

A Hearing Officer found that an individual had not successfully resolved security concerns arising from her mental illness. The behavior associated with her mental illness, including an attempted suicide, indicated that the mental illness causes a significant defect in the individual's judgment and reliability. Although the individual is now participating in a therapeutic program, she has not participated long enough to provide assurance that defects in her judgment and reliability

will not recur. Accordingly, the Hearing Officer recommended in the Opinion that the individual's access authorization not be restored.

Refund Application

Kathleen Lanier, 3/7/97, RK272-4201

The DOE denied a supplemental crude oil refund application filed by Kathleen Lanier. The OHA determined that Ms. Lanier had no legally cognizable relationship to the original refund applicant, Golden Dawn Foods, Inc.
