OMB Control number: 7100-0245

Individual respondents are surveyed monthly, quarterly, or semiannually, depending on the level and frequency of the respondent's issuance activity. In addition, once a year, all respondents report the amount of medium-term notes outstanding. The information collected on this report is used to estimate the volume of new securities issuance by U.S. corporations that is published in the *Federal Reserve Bulletin* and to construct estimates of corporate securities outstanding that are used in the flow of funds accounts.
