Take notice that on April 4, 1997, MIGC, Inc. (MIGC), tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, certain tariff sheets to be effective June 1, 1997.

MIGC states that the purpose of the filings is to (1) comply with the Commission's Order issued March 5, 1997, in Docket No. RP97-176-000; and (2) reflect changes in its tariff to conform to the standards adopted by the Gas Industry Standards Board and incorporated into the Federal Energy Regulatory Commission's (Commission) Regulations by Order Nos. 587 and 587-B.

Mississippi River Transmission Corporation; Notice of Proposed Changes in FERC Gas Tariff

April 10, 1997.

Take notice that on April 4, 1997, Mississippi River Transmission Corporation (MRT) tendered for filing as part of its FERC Gas Tariff, Third Revised Volume No. 1, the following

tariff sheet, to become effective May 1, 1997:

Substitute First Revised sheet No. 262

Upon subsequent review of MRT's March 25, 1997 filing, MRT discovered an administrative oversight on one of the tariff sheets. Two fields to the proposed Transportation Service Agreement for Rate Schedule [FTS, SCT, ITS] were inadvertently omitted from the original filing and are necessary fields in the Service Agreement because Section 7.5(a) and 7.11(a) of the General Terms and Conditions reference "the maximum pressure specified in the applicable Service Agreement".

MRT states that a copy of this filing is being mailed to each of MRT's customers and to the state commissions of Arkansas, Illinois and Missouri.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC 20426, in accordance with 18 CFR 385.211 of the Commissions Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commissions Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

N E Hub Partners, L. P.; Notice of Amendment

April 10, 1997.

Take notice that on April 4, 1997, NE Hub Partners, L.P. (NE Hub) filed in Docket No. CP96-53-005, an amendment to its pending application filed in Docket No. CP96-53-000, requesting to omit the original request for authorization to construct and operate facilities necessary to dispose of brine by underground injection produced from the leaching of two gas storage caverns which NE Hub would construct and operate pursuant to Section 7 of the NGA, all as more fully set forth in the amendment which is on

file with the Commission and open to public inspection.

Specifically, NE Hub seeks authorization to deliver the brine produced from leaching the two proposed caverns to a third-party salt company that would use the brine as feedstock for various commercial salt products rather than inject the brine underground as originally proposed.

Any person desiring to be heard or to make any protest with reference to said petition to amend should, on or before May 1, 1997, file with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, a motion to intervene or protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules. All persons who have heretofore filed need not file again.

Secretary.
