NUCLEAR REGULATORY COMMISSION

The Cleveland Electric Illuminating Company, The Toledo Edison Company, Duquesne Light Company; Ohio Edison Company, and Pennsylvania Power Company; Beaver Valley Power Station, Units 1 and 2; Notice of Consideration of Approval of Application Regarding Proposed Corporate Restructuring

Notice is hereby given that the United States Nuclear Regulatory Commission (the Commission) is considering approval by issuance of an order under 10 CFR 50.80 of an application concerning a proposed merger between Centerior Energy Corporation and Ohio Edison Company. Centerior Energy Corporation is the parent holding company of The Cleveland Electric Illuminating Company and the Toledo Edison Company, which hold licenses to possess interests in the Beaver Valley Power Station. Ohio Edison Company and its subsidiary Pennsylvania Power Company also hold licenses to possess interests in the Beaver Valley Power Station. By letter dated December 13, 1996, from The Cleveland Electric Illuminating Company, The Toledo Edison Company, Ohio Edison Company and Pennsylvania Power Company, through their counsel, the Commission was informed that the Centerior Energy Corporation and Ohio Edison Company have entered into a merger agreement which provides for the formation of a new, single holding company, FirstEnergy Corporation ("FirstEnergy"). Under the agreement, The Cleveland Electric Illuminating Company, The Toledo Edison Company, and Ohio Edison Company will become subsidiaries of FirstEnergy, and Pennsylvania Power Company will remain a subsidiary of Ohio Edison Company.

According to the application, the merger will have no effect on the operation of Beaver Valley Power Station or the provisions of its operating license. The Cleveland Electric Illuminating Company, The Toledo Edison Company, Ohio Edison Company, and Pennsylvania Power Company will remain licensees responsible for their possessory interests and related obligations. Duquesne Light Company, which is not involved in the merger, will continue to operate the Beaver Valley Power Station after the merger, as required by the operating license. No direct transfer of the license will result from the merger.

Pursuant to 10 CFR 50.80, the Commission may consent to the transfer

of control of a license after notice to interested persons. Such consent is contingent upon the Commission's determination that the holder of the license following the transfer is qualified to hold the license and that the transfer is otherwise consistent with applicable provisions of law, regulations, and orders of the Commission.

For further details with respect to this proposed action, see the application from The Cleveland Electric Illuminating Company, The Toledo Edison Company, Ohio Edison Company, and Pennsylvania Power Company, dated December 13, 1996, submitted through their counsel and supplements dated February 12, 14, and 19, 1997. These documents are available for public inspection at the Commission's Public Document Room, the Gelman Building, 2120 L Street, NW, Washington, DC 20555, and at the local public document room located at the B.F. Jones Memorial Library, 663 Franklin Avenue, Aliquippa, PA 15001.

Dated at Rockville, Maryland, this 9th day of April 1997.
