[Docket No. CP97-327-000]

#### El Paso Natural Gas Company; Notice of Request Under Blanket Authorization

April 14, 1997.

Take notice that on April 4, 1997, El Paso Natural Gas Company (El Paso), Post Office Box 1492, El Paso, Texas 79978, filed a request with the Commission in Docket No. CP97-327-000, pursuant to Sections 157.205, and 157.216(b) of the Commission's Regulations under the Natural Gas Act (NGA) for authorization to abandon natural gas service to certain delivery points (meters and/or taps) located in Texas and Oklahoma, authorized in blanket certificate issued in Docket Nos. CP82-435-000 and CP88-433-000, all as more fully set forth in the request on file with the Commission and open to public inspection.

El Paso proposes to abandon delivery points used for the transportation and delivery of natural gas to WESTCO Gas, Inc. (WESTCO). El Paso states that WESTCO owns and operates facilities for the distribution, transportation, and sale of natural gas to consumers situated in Gray, Wheeler, Donley, and Collingsworth Counties, Texas and Beckham County, Oklahoma. WESTCO has ultimately succeeded to the interests and properties of Rimrock Gas Company (Rimrock).

El Paso further states that it received authorization for the construction of

certain delivery points and the sale for resale of natural gas to Rimrock, by order issued June 28, 1968 in Docket No. CP68-224. Additional delivery points were added pursuant to orders issued August 21, 1969 and May 8, 1980 in Docket Nos. CP69-23 (42 FPC Para. 562) and CP80-129 (11 FERC Para. 61,147), respectively. These facilities were required by El Paso to facilitate the delivery ad sale of natural gas from its interstate transmission pipeline system to Rimrock for resale to various community and irrigation customers.

The delivery point facilities were constructed on existing nonjurisdictional well-tie and lateral gathering lines in El Paso's Panoma and South Zybach Gathering Systems. El Paso's Panoma Gathering System is located in Texas in the counties of Gray, Donley, Collingsworth, and Wheeler. El Paso's South Zybach Gathering system is located, in part, in Beckham County, Oklahoma. El Paso further states that effective April 1, 1988, El Paso sold the Panoma Gathering System facilities, on which these delivery point facilities in Texas are located, to Meridian Oil, Inc. (Meridian). Effective January 1, 1996, El Paso transferred the South Zybach Gathering System facilities, on which one delivery point in Beckham County, Oklahoma is located, to El Paso Field Services Company (Field Services). To facilitate the delivery of gas, Meridian and Field Services have continued to provide deliveries to WESTCO on El Paso's behalf. Although El Paso abandoned the facilities serving WESTCO, El Paso retained the certificate authorization permitting WESTCO, El Paso retained the certificate authorization permitting the sale in interstate commerce of natural gas to WESTCO for resale to the various consumers in the described areas.

El Paso also states that El Paso and WESTCO are parties to a Transportation Service Agreement dated August 7, 1991 (TSA) providing for the firm transportation of WESTCO's full requirements of natural gas for delivery to various residential and irrigation consumers in the States of Texas and Oklahoma.

WESTCO has informed El Paso that it has obtained gas supply and transportation services for the delivery points in the Panoma Gathering System in Texas from Hunter Gas Gathering, Inc. Gas supply and transportation services for the delivery point in the South Zybach Gathering System in Beckham County, Oklahoma would be provided by El Paso Gas Marketing Company and Field Services, respectively. Accordingly, El Paso
