

camping at designated sites on a first come, first served basis.

The site use fee will be charged from May 15 through October 15 of each year and is valid at both Squaw Creek and Roza Recreation Sites. Fees are \$2.00 per vehicle per day, and a seasonal use permit is also available for a fee of \$15.00 per vehicle.

EFFECTIVE DATE: Charging fees at both recreation sites are effective May 15, 1997.

FOR FURTHER INFORMATION CONTACT: Seasonal permits may be obtained at the Bureau of Land Management, Wenatchee Resource Area Office, Attention: Seasons Pass, 915 Walla Walla, Wenatchee, Washington 98801-1521; (509) 665-2100.

SUPPLEMENTARY INFORMATION: The authority for charging user fees is provided in the Land and Water Conservation Fund Act (LWCFA) of 1965, and subsequent regulations contained in Title 36 CFR part 71.

Dated: April 14, 1997.

Cathy L. Harris,

Acting District Manager.

DEPARTMENT OF THE INTERIOR

Minerals Management Service

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice of extension of a currently approved information collection.

SUMMARY: As part of its continuing effort to reduce paperwork and respondent burden, MMS invites the public and other Federal agencies to comment on a proposal to extend the currently approved collection of information discussed below. The Paperwork Reduction Act of 1995 (PRA) provides that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number.

DATES: Submit written comments by June 20, 1997.

ADDRESSES: Direct all written comments to the Rules Processing Team, Minerals Management Service, Mail Stop 4700, 381 Elden Street, Herndon, Virginia 20170-4817.

FOR FURTHER INFORMATION CONTACT: Alexis London, Rules Processing Team, telephone (703) 787-1600. You may also contact Alexis London to obtain a copy of this collection of information.

SUPPLEMENTARY INFORMATION:

Title: 30 CFR 250, Subpart A, General. *OMB Control Number:* 1010-0030.

Abstract: The Outer Continental Shelf Lands Act (OCSLA), at 43 U.S.C. 1331 *et seq.*, requires the Secretary of the Interior (Secretary) to preserve, protect, and develop oil and gas resources in the OCS; make such resources available to meet the Nation's energy needs as rapidly as possible; balance orderly energy resource development with protection of the human, marine, and coastal environment; ensure the public a fair and equitable return on the resources offshore; and preserve and maintain free enterprise competition. To carry out these responsibilities, MMS has issued regulations as described in 30 CFR Part 250. Subpart A, General, of that part contains general requirements and procedures for oil and gas or sulfur operations in the OCS.

The MMS uses the information collected under subpart A to ensure that operations in the OCS are carried out in a manner that is safe and pollution free.

If respondents submit proprietary information, it will be protected under

30 CFR 250.18, Data and information to be made available to the public. No items of a sensitive nature are collected. The requirement to respond is mandatory.

Description of Respondents: Federal OCS oil and gas or sulphur lessees.

Frequency: On occasion, varies by section.

Estimated Number of Respondents: 130.

Estimated Annual Burden: 13,343 burden hours. Based on \$35 per hour, the cost to respondents is \$467,005.

Estimated Other Annual Costs to Respondents: MMS has identified no other cost burdens on respondents for providing this information.

Comments: The MMS will summarize written responses to this notice and address them in its submission for OMB approval. All comments will become a matter of public record. We will also consult with a representative sample of respondents. The estimates shown above are those currently approved by OMB for this collection of information. As a result of the consultations and comments we receive, we will make any necessary adjustments for our submission to OMB. In calculating the burden, MMS may have assumed that respondents perform many of the requirements and maintain records in the normal course of their activities. MMS considers these to be usual and customary. Commenters are invited to provide information if they disagree with this assumption and they should tell us what the burden hours and costs imposed by this collection of information are.

(1) The MMS specifically solicits comments on the following questions:

(a) Is the proposed collection of information necessary for the proper performance of MMS's functions, and will it be useful?

(b) Are the estimates of the burden hours of the proposed collection reasonable?

(c) Do you have any suggestions that would enhance the quality, clarity, or usefulness of the information to be collected?

(d) Is there a way to minimize the information collection burden on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other forms of information technology?

(2) In addition, the PRA requires agencies to estimate the total annual cost burden to respondents or recordkeepers resulting from the collection of information. The MMS needs your comments on this item. Your response should split the cost estimate into two components:
