

* For the purposes of this section, the market in a security is opened (or reopened) with either a trade or quotation, if trades are being reported to the Consolidated Tape and quotes are being disseminated on the Consolidated Quotation System.

To cause Section (c)(ii) of Exhibit A to read in full as follows:

(ii) *Responses When the Exchange is Open*—Notwithstanding paragraph (c)(i), an Exchange specialist who has received a pre-opening notification in any Eligible Listed Security in which he is registered as a specialist should not send a pre-opening response to the originator of such notification if (A) the market for trading in the security is open on the Exchange or (B) the Participant market from which the notification emanated had declared a halt or suspension in trading in such security, and the Exchange either had not halted trading in the security contemporaneously with the Participant Market or had resumed trading during the halt or suspension in trading. [*]

* **Note:** The NASD shall implement a comparable provision in its rules to conform the restrictions on responses by ITS/CAES Market Makers to the provisions of paragraph (b)(ii)(B) above.

To cause Section (c)(v) of Exhibit A to read in full as follows:

(v) *Use of System before Opening or Reopening*—No Exchange member, whether acting as principal or agent, shall send an obligation to trade, commitment to trade or order in any security from the Exchange through the System to any other Participant market prior to the opening of trading in the security in the Participant market (or prior to the resumption of trading in the security in the Participant market following the initiation of a halt or suspension in trading in the security) until a pre-opening notification in the security has been issued from the other Participant market or, if no pre-opening notification is required, until the market in the security has opened in such other Participant market.

To cause Section (c)(vii) of Exhibit A to read in full as follows:

(vii) *Request for Participation Reports*—The ITS Plan anticipates that an Exchange member who has sent one or more obligations to trade in response to a pre-opening notification will request a report through the System as to his participation if he does not receive a report as required promptly following the opening. If, on or following trade date, he does request a report through the System as to his participation before [4:00 p.m. eastern time *], and he does not receive a response by [9:30 a.m. eastern time **] on the next trading day, he need not

accept a later report. If he fails to so request a report, he must accept a report until [4:00 p.m. eastern time *] on the third trading day following the trade (i.e., on T+3). The Exchange does not intend this paragraph (c)(vii) to relieve him of the obligation, when he does not receive a report as soon as he reasonably should expect to have received it.
