DEPARTMENT OF DEFENSE

Department of the Navy

32 CFR Part 706

Certifications and Exemptions Under the International Regulations for Preventing Collisions at Sea, 1972 Amendment

AGENCY: Department of the Navy, DOD.
ACTION: Final rule.

SUMMARY: The Department of the Navy is amending its certifications and exemptions under the International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS), to reflect that the Deputy Assistant Judge Advocate General (Admiralty) of the Navy has determined that USS CORONADO (AGF 11) is a vessel of the Navy which, due to its special construction and purpose, cannot fully comply with certain provisions of the 72 COLREGS without interfering with its special functions as a naval ship. The intended effect of this rule is to warn mariners in waters where 72 COLREGS apply.

EFFECTIVE DATE: March 20, 1997.
FOR FURTHER INFORMATION CONTACT:
 Captain R. R. Pixa, JAGC, U.S. Navy,

Admiralty Counsel, Office of the Judge Advocate, General, Navy Department, 200 Stovall Street, Alexandria, Virginia, 22332-2400, *Telephone Number:* (703) 325-9744.

SUPPLEMENTARY INFORMATION: Pursuant to the authority granted in 33 U.S.C. 1605, the Department of the Navy amends 32 CFR Part 706. This amendment provides notice that the Deputy Assistant Judge Advocate General (Admiralty) of the Navy, under authority delegated by the Secretary of the Navy, has certified that USS CORONADO (AGF 11) is a vessel of the Navy which, due to its special construction and purpose, cannot fully comply with the following specific provisions of 72 COLREGS: Annex I, section 3(a), pertaining to the placement of the after masthead light and the horizontal distance between the forward and after masthead lights, without interfering with its special functions as a Navy ship. The Deputy Assistant Judge Advocate General (Admiralty) of the Navy has also certified that the lights involved are located in closest possible compliance with the applicable 72 COLREGS requirements.

Moreover, it has been determined, in accordance with 32 CFR Parts 296 and 701, that publication of this amendment for public comment prior to adoption is impracticable, unnecessary, and contrary to public interest since it is based on technical findings that the placement of lights on this vessel in a manner differently from that prescribed herein will adversely affect the vessel's ability to perform its military functions.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[MN48-01-7268a; FRL-5699-1]

Approval and Promulgation of Implementation Plans; Minnesota

AGENCY: Environmental Protection Agency.

ACTION: Direct final rule.

SUMMARY: This action approves a State Implementation Plan (SIP) revision for the State of Minnesota which was submitted pursuant to the Environmental Protection Agency (EPA) general conformity rules set forth at 40 CFR part 51, subpart W—Determining Conformity of General Federal Actions to State or Federal Implementation Plans. Section 51.851(a) of the general conformity rules requires each State to submit to EPA a revision to its applicable SIP which contains criteria and procedures for assessing conformity of Federal actions to applicable SIPs. The general conformity rules, except for the 40 CFR 51.851(a) language requiring State submission of a SIP revision, are repeated at 40 CFR part 93, subpart B. Minnesota's SIP revision incorporates verbatim the criteria and procedures set forth at 40 CFR part 51, subpart W. This general conformity SIP revision will enable the State of Minnesota to implement and enforce the Federal general conformity requirements in the nonattainment and maintenance areas at the State and local level conformity SIP revision submitted pursuant to 40 CFR part 51, subpart W. SIP revisions submitted under 40 CFR part 51, subpart T, relating to conformity of

Federal transportation actions funded or approved under Title 23 U.S.C. or the Federal Transit Act, will be addressed in a separate notice. This action provides the rationale for the proposed approval and other information.

DATES: This "direct final" rule will be effective June 23, 1997 unless EPA receives adverse or critical comments by May 23, 1997. If the effective date is delayed, timely notice will be published in the **Federal Register**.

ADDRESSES: Copies of the SIP revision, public comments and EPA's responses are available for inspection at the following address: United States Environmental Protection Agency, Region 5, Air and Radiation Division, 77 West Jackson Boulevard, Chicago, Illinois 60604. (It is recommended that you telephone Michael Leslie at (312) 353-6680 before visiting the Region 5 Office.)

A copy of this SIP revision is available for inspection at the following location: Office of Air and Radiation (OAR) Docket and Information Center (Air Docket 6102), room M1500, United States Environmental Protection Agency, 401 M Street S.W., Washington, D.C. 20460, (202) 260-7548.

FOR FURTHER INFORMATION CONTACT: Michael G. Leslie, Regulation Development Section (AR-18J), Air Programs Branch, Air and Radiation Division, United States Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, Telephone Number (312) 353-6680.

SUPPLEMENTARY INFORMATION:

I. Background

Section 176(c) of the Clean Air Act (Act), 42 U.S.C. 7506(c), provides that no Federal department, agency, or instrumentality shall engage in, support in any way or provide financial assistance for, license or permit, or approve any activity which does not conform to a SIP that has been approved or promulgated pursuant to the Act. Conformity is defined in section 176(c) of the Act as conformity to the SIP's

purpose of eliminating or reducing the severity and number of violations of the National Ambient Air Quality Standards (NAAQS) and achieving expeditious attainment of such standards, and that such activities will not: (1) cause or contribute to any new violation of any standard in any area, (2) increase the frequency or severity of any existing violation of any standard in any area, or (3) delay timely attainment of any standard or any required interim emission reductions or other milestones in any area.

Section 176(c)(4)(A) of the Act requires EPA to promulgate criteria and procedures for determining conformity of all Federal actions to applicable SIPs. Criteria and procedures for determining conformity of Federal actions related to transportation projects funded or approved under Title 23 U.S.C. or the Federal Transit Act are set forth at 40 CFR part 51, subpart T. The criteria and procedures for determining conformity of other Federal actions, the "general conformity" rules, were published in the November 30, 1993, **Federal Register** and codified at 40 CFR part 51, subpart W—Determining Conformity of General Federal Actions to State or Federal Implementation Plans.

II. Evaluation of the State's Submittal

Pursuant to the requirements under section 176(c)(4)(C) of the Act the Minnesota Pollution Control Agency (MPCA) submitted its general conformity SIP revision to the EPA on December 15, 1995. In its submittal, the State provided Minnesota rules Part 7009.9000 which incorporated the Federal general conformity by reference (40 CFR part 51, subpart W). For the time period between the original submittal and the supplemental submittal, the State of Minnesota was required to comply with 40 CFR part 93, subpart B.

General conformity is required for all areas which are designated nonattainment or maintenance for any NAAQS criteria pollutant. The State of Minnesota currently has eight counties designated moderate carbon monoxide
