Notice of Intent To Amend the Grand Junction Resource Area, Resource Management Plan**AGENCY:** Bureau of Land Management, Interior.

ACTION: Notice of intent to amend the Grand Junction Resource Area Resource Management Plan, 1987 (RMP), to address changes proposed in the Gunnison River Bluffs Public Use Plan, 1995, and to designate a road as open for motor vehicle use in a currently closed area in the Town of Palisade watershed.

SUMMARY: Pursuant to the Federal Land Policy and Management Act and the National Environmental Policy Act, the Bureau of Land Management (BLM), Grand Junction Resource Area, is proposing to amend the Grand Junction Resource Area RMP, by adopting those portions of the Gunnison River Bluffs Public Use Plan and the Grand Mesa Slopes Management Plan pertaining to public lands. These plans were developed through collaborative processes that meet the requirements of 43 CFR 1610.5-7.

DATES: An Environmental Assessment and draft Finding Of No Significant Impact has been prepared on the proposed amendment and is available for public comment from May 1 to June 2, 1997.

SUPPLEMENTARY INFORMATION: The Grand Junction Resource Area RMP, approved in 1987, is being proposed for amendment to incorporate current management plans in the Gunnison River Bluffs and Grand Mesa Slopes areas. Public comments received on the Environmental Assessment will be considered by the BLM State Director in reaching a decision on this proposed amendment. Public notice of the proposed decision will be issued following the comment period. Only those who have participated in this amendment process will have standing to protest the proposed decision.

The Gunnison River Bluffs Public Use Plan was developed with Mesa County, Colorado to address management of about eight square miles of county, private, and BLM administered public lands in the vicinity of the Gunnison River and the Mesa County Landfill. BLM administered public lands in this area had been identified for potential disposal and are now being identified for retention or exchange to meet Gunnison River Bluffs planning objectives. The BLM administered public lands are also being designated as closed to motor vehicle use as part of the Gunnison River Bluffs Public Use Plan.

The Grand Mesa Slopes Management Plan, an 80 square mile "Open Space," has also been developed with Mesa County and numerous other local governmental entities and landowners. Mesa County, the Town of Palisade, and BLM have modified the Grand Mesa Slopes Management Plan in the Palisade watershed to allow for motor vehicle travel on the "Power Line Road" to improve access into the Chalk Mountain area, in an area that had formerly been designated closed to motor vehicle use.

FOR FURTHER INFORMATION CONTACT: For comments or additional information contact Carlos Sauvage, Realty Specialist, BLM Grand Junction Resource Area, 2815 H. Road, Grand Junction, Colorado, 81506, or phone (970) 244-3022.

Dated: April 11, 1997.
