**Rulemaking and Environmental Impact Statement; Valid Existing Rights and Prohibitions of Section 522(e); Public Hearings****AGENCY:** Office of Surface Mining Reclamation and Enforcement, Interior.**ACTION:** Notice of public hearings.

**SUMMARY:** On January 31, 1997, the Office of Surface Mining Reclamation and Enforcement (OSM) of the U.S. Department of the Interior (DOI) published proposed rules which would implement and interpret section 522(e) of the Surface Mining Control and Reclamation Act of 1977 (SMCRA). OSM has received several requests to hold public hearings on the proposed rule and the supporting environmental impact statement and economic analysis and is announcing that public hearings will be held.

**DATES:** Public hearings are scheduled for: May 15, 1997, in Athens, Ohio at 7:00 p.m.; May 20, 1997, in Whitesburg, Kentucky at 7:00 p.m.; May 20, 1997 in Washington, Pennsylvania at 6:00 p.m.; and May 21, 1997, in Billings, Montana at 7:00 p.m.

**ADDRESSES:** The public hearings will be held in: Athens, Ohio at the Ohio University Inn, 331 Richland Avenue, Athens, Ohio 45701; Whitesburg, Kentucky at the Appalshop, 306 Madison Street, Whitesburg, KY 41585; Washington, Pennsylvania at the Ramada Inn, 1170 Chestnut Street, Washington, PA 15301; and Billings, Montana at the Sheraton Billings, 27 North 27th Street, Billings, Montana 59101.

**SUPPLEMENTARY INFORMATION:** On January 31, 1997 (62 FR 4836-72) OSM published two proposed rules dealing with the interpretation and implementation of section 522(e) of SMCRA. The first rule, RIN 1029-AB42, would amend OSM's regulations to redefine the circumstances under which a person has valid existing rights (VER) to conduct surface coal mining

operations in areas where such operations are otherwise prohibited by section 522(e) of SMCRA. The second rule RIN 1029-AB82, is a proposed interpretative rulemaking to address the question of whether subsidence due to underground mining is a surface coal mining operation and thus prohibited in areas enumerated in section 522(e) of SMCRA. On January 31, 1997 (62 FR 4759), OSM also made available for public comment an Environmental Impact Statement analyzing the impact of the two proposed rules and the alternatives under consideration.

OSM has received requests to hold public hearings on the proposed rule and supporting documentation. As a result, OSM has scheduled four public hearings on the proposed rules. Refer to **DATES** and **ADDRESSES** for the times, dates and locations for each hearing. The hearings will continue until all persons wishing to testify have been heard. To assist the transcriber and ensure an accurate record, OSM requests that persons who testify at a hearing give the transcriber a written copy of their testimony, if possible.

Dated: April 22, 1997.

## III. Public Comment Procedures

In accordance with the provisions of 30 CFR 732.17(h), OSM is seeking comments on whether the proposed amendment satisfies the applicable program approval criteria of 30 CFR 732.15. If the amendment is deemed adequate, it will become part of the Alabama program.

### Written Comments

Written comments should be specific, pertain only to the issues proposed in this rulemaking, and include explanations in support of the commenter's recommendations. Comments received after the time indicated under DATES or at locations other than the Birmingham Field Office will not necessarily be considered in the final rulemaking or included in the Administrative Record.

### Public Hearing

Persons wishing to speak at the public hearing should contact the person listed under **FOR FURTHER INFORMATION CONTACT** by 4:00 p.m., c.d.t. on May 12, 1997. The location and time of the hearing will be arranged with those persons requesting the hearing. Any disabled individual who has need for a special accommodation to attend a public hearing should contact the individual listed under **FOR FURTHER INFORMATION CONTACT**. If no one requests an opportunity to speak at the public hearing, the hearing will not be held.

Filing of a written statement at the time of the hearing is requested as it will greatly assist the transcriber. Submission of written statements in advance of the hearing will allow OSM officials to prepare adequate responses and appropriate questions.

The public hearing will continue on the specified date until all persons scheduled to speak have been heard. Persons in the audience who have not been scheduled to speak, and who wish to do so, will be heard following those who have been scheduled. The hearing will end after all persons scheduled to speak and persons present in the audience who wish to speak have been heard.

### Public Meeting

If only one person requests an opportunity to speak at a hearing, a public meeting, rather than a public hearing, may be held. Persons wishing to meet with OSM representatives to discuss the proposed amendment may request a meeting by contacting the person listed under **FOR FURTHER INFORMATION CONTACT**. All such meetings will be open to the public and, if possible, notices of meetings will be

posted at the locations listed under **ADDRESSES**. A written summary of each meeting will be made a part of the Administrative Record.

#### IV. Procedural Determinations

##### *Executive Order 12866*

This rule is exempted from review by the Office of Management and Budget (OMB) under Executive Order 12866 (Regulatory Planning and Review).

##### *Executive Order 12988*

The Department of the Interior has conducted the reviews required by section 3 of Executive Order 12988 (Civil Justice Reform) and has determined that, to the extent allowed by law, this rule meets the applicable standards of subsections (a) and (b) of that section. However, these standards are not applicable to the actual language of State regulatory programs and program amendments since each such program is drafted and promulgated by a specific State, not by OSM. Under sections 503 and 505 of SMCRA (30 U.S.C. 1253 and 1255) and 30 CFR 730.11, 732.15, and 732.17(h)(10), decisions on proposed State regulatory programs and program amendments submitted by the States must be based solely on a determination of whether the submittal is consistent with SMCRA and its implementing Federal regulations and whether the other requirements of 30 CFR Parts 730, 731, and 732 have been met.

##### *National Environmental Policy Act*

No environmental impact statement is required for this rule since section 702(d) of SMCRA (30 U.S.C. 1292(d)) provides that agency decisions on proposed State regulatory program provisions do not constitute major Federal actions within the meaning of section 102(2)(C) of the National Environmental Policy Act (42 U.S.C. 4332(2)(C)).

##### *Paperwork Reduction Act*

This rule does not contain information collection requirements that require approval by OMB under the Paperwork Reduction Act (44 U.S.C. 3507 *et seq.*).

##### *Regulatory Flexibility Act*

The Department of the Interior has determined that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). The State submittal which is the subject of this rule is based upon counterpart Federal regulations for which an economic analysis was prepared and certification made that

such regulations would not have a significant economic effect upon a substantial number of small entities. Accordingly, this rule will ensure that existing requirements previously promulgated by OSM will be implemented by the State. In making the determination as to whether this rule would have a significant economic impact, the Department relied upon the data and assumptions for the counterpart Federal regulations.

##### *Unfunded Mandates*

This rule will not impose a cost of \$100 million or more in any given year on any governmental entity or the private sector.

#### Land Uses

**AGENCY:** Forest Service, USDA.

**ACTION:** Proposed rule.

**SUMMARY:** The Forest Service proposes regulations to establish the procedures by which certain persons may conduct revenue-producing visitor services in Conservation System Units within the National Forests in Alaska. These regulations are required by section 1307 of the Alaska National Interest Lands Conservation Act. The intended effect is to establish workable procedures for recognizing and administering the statutory rights and preferences for conducting visitor services.

**DATES:** Comments must be received in writing by June 24, 1997.

**ADDRESSES:** Send written comments to Regional Forester, Alaska Region, Forest Service, USDA, PO Box 21628, Juneau, AK 99802-1628.

The public may inspect comments received on this proposed rule at the Alaska Regional Office, Room 519A, Federal Building, 709 W. 9th Street, Juneau, AK 99802, Monday through Friday between the hours of 8 a.m. to noon and 12:30 p.m. to 4 p.m.

**FOR FURTHER INFORMATION CONTACT:** Arn Albrecht, Public Services Staff, Alaska Region, (907) 586-7886.

#### SUPPLEMENTARY INFORMATION:

##### **Background**

The Forest Service manages National Forest System lands in Alaska consisting of the Tongass and the Chugach National Forests in southeast and southcentral areas of the State. A number of laws govern the issuance and administration of special use authorizations that authorize a variety of visitor services operated by private concessionaires, ranging from outfitting and guiding to resorts. These laws include the Organic Organization Act of June 4, 1897; the Term Permit Act of March 4, 1915; the Granger-Thye Act of April 24, 1950; the Land and Water Conservation Fund Act of September 3, 1964; the Wilderness Act of September 3, 1964, the Alaska National Interest Lands Conservation Act of 1980; and the National Ski Area Permit Act of 1986. Regulations at 36 CFR part 251, subpart B address the special-use application process; the nature of interest of an authorization; terms and conditions of use; rental fees; issuance; termination; revocation; suspension; and renewal. These regulations must be augmented to implement the special statutory requirements specific to Conservation System Units within the National Forests in Alaska.

##### **Statutory Requirements**

The Alaska National Interest Lands Conservation Act (ANILCA) (16 U.S.C. 3101 *et seq.*) provided for the disposition and use of a variety of federally owned lands in Alaska. Section 1307 (16 U.S.C. 3197) contains two provisions concerning persons and entities who are to be given special rights and preferences with respect to revenue producing "visitor services" on certain lands within the National Forest System designated by ANILCA as Conservation System Units under the administration of the Secretary of Agriculture.

A Conservation System Unit, as it relates to the National Forests, means any unit in Alaska of the National Wild and Scenic River System, National Trail System, National Wilderness Preservation System or a National Forest Monument including existing Units or any such Unit established, designated, or expanded hereafter. (ANILCA section 102(4)) (43 U.S.C. 1618)

Subsection (a) of section 1307 (16 U.S.C. 3197) provides that, notwithstanding any other provision of law, the Secretary of Agriculture, under
