SUPPLEMENTARY INFORMATION: The Office of Management and Budget (OMB) regulations at 5 CFR 1320, which implement provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104-13), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8(d)). OSM has submitted two requests to OMB to renew its approval of the collections of information found at 30 CFR Part 779, Surface mining permit applications—minimum requirements for environmental resources; and for the Coal Production and Reclamation Fee Report—Form OSM-1. OSM is requesting a 3-year term of approval for these information collection activities.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for these collections of information are 1029-0035 and 1029-0063, respectively.

As required under 5 CFR 1320.8(d), a **Federal Register** notice soliciting comments on these collections of information was published on February 18, 1997 (62 FR 7254). No comments were received. This notice provides the public with an additional 30 days in which to comment on the following information collection activities:

OMB Control Number: 1029-0035.

Summary: Applicants for surface coal mining permits are required to provide adequate descriptions of the environmental resources that may be affected by proposed surface mining activities.
