#### Arkansas Western Pipeline Company; Notice of Petition of Arkansas Western Pipeline Company for One-Year Waiver of or Exemption From GISB Standard 4.3.6

May 5, 1997.

Take notice that on May 1, 1997, Arkansas Western Pipeline Company (AWP), filed a petition pursuant to Rule 207 of the Commission's Rules of Practice and Procedure for waiver or exemption of the requirements concerning the establishment of a HTML page accessible via the Internet's World Wide Web, as more fully set forth in the petition of file with the Commission and open to public inspection.

AWP states that the establishment of a HTML page is not necessary on the AWP system in order to achieve the Commission's goals. AWP states that the expense of compliance with the HTML page requirement, prior to the establishment or use of an Internet server model and web browser model and the ability to perform EDI transactions is significant to AWP, and the benefits to AWP's customers are nonexistent given the nature of the AWP system.

Any person desiring to be heard or to protest this petition should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. On April 18, 1997, pursuant to delegated authority, the Director, Division of Applications, Office of Electric Power Regulation, granted requests for blanket approval under Part 34, subject to the following:
