Take notice that on May 1, 1997, Natural Gas Pipeline Company of

America (Natural), 701 East 22nd Street, Lombard, Illinois 60148, filed in Docket No. CP97-441-000 a request pursuant to §§ 157.205, and 157.212 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205 and 157.212) for approval and permission to operate a delivery tap for Amoco Gas Company (Amoco), an intrastate pipeline company, previously constructed and operated under Section 311(a)(1) of the Natural Gas Policy Act, under the blanket certificate issued in Docket No. CP86-582-000, pursuant to Section 7(c) of the Natural Gas Act (NGA), all as more fully set forth in the request which is on file with the Commission and open to public inspection.

Natural states that it proposed to operate existing delivery facilities that interconnect Amoco with Natural's Old Ocean 14-inch lateral located in Brazoris County, Texas, which Natural has previously used under Subpart B or Part 284 of the Commission's Regulations for transportation services to Amoco. By this application Natural seeks authorization for jurisdictional transportation services, including services under Subpart G of Part 284 of the Commission's Regulations. Natural asserts that the total volume of natural gas to be delivered to this delivery point after the facilities are authorized to provide jurisdictional services will not exceed the total volumes available prior to such authorization. Natural states that it is currently providing firm transportation at this delivery point under Natural's Rate Schedule FTS. Natural further asserts that it has sufficient capacity to provide this service at this delivery point without detriment or disadvantage to Natural's peak day or annual delivery capability and can deliver up to approximately 1,000 MMBtu per day of natural gas to AMOCO.

Any person or the Commission's Staff may, within 45 days after the issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.214), a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205), a protest to the request. If no protest is filed within the time allowed therefore, the proposed activities shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for

authorization pursuant to Section 7 of the Natural Gas Act.
