GENERAL SERVICES ADMINISTRATION

Public Hearing Historic Resources Mitigation Review

The General Services Administration would like to invite public participation and solicit development alternatives and/or mitigation measures for the proposed development of the American Red Cross Chapter House site, 2025 E Street, NW, Washington, DC. Please submit suggestions to Ms. Andrea Mones by May 16, 1997 at GSA/NCR/WPT; 7th and D Streets, SW; Washington, DC 20407.

You are invited to participate in a public meeting Thursday evening, June 5, 1997 at 7 p.m. at 2025 E Street, NW, main auditorium, 2nd floor, to review any alternatives/mitigation measures which are suggested by a mail-in date of May 16, 1997.

Dated: May 7, 1997.

Arthur M. Turowski,

Director, Portfolio Management Division, WPT.

GENERAL SERVICES ADMINISTRATION

Changes in Notice of Intent To Prepare an Environmental Impact Statement for the Exterior Security of Federally Occupied Buildings in the Washington Metropolitan Area

In the **Federal Register** on March 6, 1997, the General Services Administration (GSA) announced its intent to prepare an Environmental Impact Statement (EIS) to evaluate the potential environmental impacts of perimeter security near selected federally-occupied buildings in the Washington Metropolitan Area. Our goal is to enhance perimeter security in such a manner as to assist in the revitalization of the Nation's Capital. Locations selected for study have a high concentration of federal agencies, such as some areas within the District of Columbia; Prince Georges County, MD; Montgomery County, MD; Arlington County, VA and Fairfax County, VA.

The public scoping meetings are now scheduled for May 21, 1997 beginning at 7:30 p.m. and May 22, 1997 beginning at 9:00 a.m. at the Auditorium of the General Services Administration Regional Office Building located at 7th & D Streets, SW, Washington, D.C. 20407 (enter on the D Street Entrance). During the scoping process GSA will identify any additional alternatives that need to be addressed in the EIS.

At the scoping meetings there will be a brief presentation and then a public comment period. GSA representatives will be available at this meeting to receive comments from the public regarding issues of concern. It is important that federal, state, and local agencies and interested groups and individuals take this opportunity to identify environmental concerns that should be addressed during the preparation of the EIS. All interested parties are invited to attend these meetings or submit comments in writing as described below.

When registering, each attendee will be requested to indicate if oral comments will be delivered at the meeting. In the interest of time, each speaker will be asked to limit oral comments to five (5) minutes. Longer comments should be summarized at the public meeting and mailed to the address listed below. To be most helpful, scoping comments should clearly describe specific issues or topics that the commentator believes the EIS should address. All written statements and/or questions regarding the scoping process should be mailed no later than June 5, 1997 to Ms. Christine Kelly,

General Services Administration, (WPCAA), Property Development Division, Room 2634, 7th & D Streets SW, Washington, D.C. 20407, telephone (202) 708-4900, ext. 256, or E-mail *christine.kelly@gsa.gov*.

Dated: May 6, 1997.

William R. Lawson,

Assistant Regional Administrator, Public Buildings Service.

BILLING CODE 6820-BR-M

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Committee on Vital and Health Statistics: Meetings

Pursuant to the Federal Advisory Committee Act, the Department of Health and Human Services announces the following advisory committee meeting.

Name: National Committee on Vital and Health Statistics (NCVHS), Executive Committee.

Times and Dates: 9:00 a.m.-5:30 p.m., June 3, 1997; 9:00 a.m.-5:30 p.m., June 4, 1997.

Place: Federal Building, 450 Golden Gate Avenue, San Francisco, CA.

Status: Open.

Purpose: Under the Administrative Simplification provisions of the Health Insurance Portability and Accountability Act of 1996 (HIPAA), the Secretary of Health and Human Services is required to adopt standards for specified administrative health care transactions to enable information to be exchanged electronically. The law requires that, within 24 months of adoption, all health plans, health care clearinghouses and health care providers who choose to conduct these transactions electronically must comply with these standards. Further, the law requires DHHS to submit a report to Congress containing detailed recommendations on standards with respect to the privacy of individually identifiable health information. In preparing these reports and recommendations, the Secretary is required to consult with the NCVHS, the statutory public advisory body to HHS on health data, privacy and health information policy. The Committee is planning to submit recommendations to the Secretary during 1997.

To assist in formulating its recommendations, the NCVHS has convened a number of public meetings relating to health data standards and health information privacy and confidentiality. These meetings were held in the Washington, D.C. area and involved a broad range of representatives from the health sector, including providers, plans, insurers, electronic clearinghouses, third party administrators, health researchers, representatives from public health agencies, social welfare agencies, law enforcement agencies, public and private organizations with health system oversight responsibilities, and privacy and patient interest groups.
