SUPPLEMENTARY INFORMATION:

This final rule has been determined not significant for purposes of Executive Order 12866 and therefore has not been reviewed by the Office of Management and Budget.

This final rule has been reviewed under Executive Order 12988, Civil Justice Reform. This is not intended to have a retroactive effect. The Act states that the statute is intended to occupy the field of promotion and consumer education involving pork and pork products and of obtaining funds thereof from pork producers and that the regulation of such activity (other than a regulation or requirement relating to a matter of public health or the provision of State or local funds for such activity) that is in addition to or different from the Act may not be imposed by a State. The Act provides that administrative proceedings must be exhausted before parties may file suit in court. Under § 1625 of the Act, a person subject to an order may file a petition with the Secretary stating that such order, a provision of such order or an obligation imposed in connection with such order is not in accordance with law; and requesting a modification of the order or an exemption from the order. Such person is afforded the opportunity for a hearing on the petition. After the hearing, the Secretary would rule on the petition. The Act provides that the district court of the United States in the district in which such person resides or does business has jurisdiction to review the Secretary's determination, if a complaint is filed not later than 20 days after the date such person receives notice of such determination.

Pursuant to requirements set forth in the Regulatory Flexibility Act (5 United States Code (U.S.C.) 601 et seq.), the Agricultural Marketing Service (AMS) has considered the economic impact of this final action on small entities. The effect of the Order upon small entities was discussed in the September 5, 1986, issue of the Federal Register (51 FR 31898), and it was determined that the Order would not have a significant effect upon a substantial number of small entities. Many of the estimated 200 importers may be classified as small entities under the Small Business Administration definition (13 CFR 121.601). This final rule increases the amount of assessments on imported pork and pork products subject to assessment by eight-hundredths of a

Pork Promotion, Research, and Consumer Information Order—Increase in Importer Assessments

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Final rule.

SUMMARY: Pursuant to the Pork Promotion, Research, and Consumer Information Act (Act) of 1985 and the Pork Promotion, Research, and Consumer Information Order (Order) issued thereunder, this final rule increases by eight-hundredths of a cent per pound the amount of the assessment per pound due on imported pork and pork products to reflect an increase in the 1996 five-market average price for domestic barrows and gilts. This action brings the equivalent market value of the live animals from which such imported pork and pork products were derived in line with the market values of domestic porcine animals. These changes will facilitate the continued collection of assessments on imported porcine animals, pork, and pork products.

EFFECTIVE DATE: June 12, 1997.

FOR FURTHER INFORMATION CONTACT: Ralph L. Tapp, Chief, Marketing Programs Branch, 202/720-1115.
The average annual market price increased from $41.99 in 1995 to $52.77 in 1996, an increase of about 25 percent. This increase will result in a corresponding increase in assessments for all HTS numbers listed in the table in §1230.110, 60 FR 29965; June 7, 1995, of an amount equal to eight-hundredths of a cent per pound, or as expressed in cents per kilogram, nineteen-hundredths of a cent per kilogram. Based on the most recent available Department of Commerce, Bureau of Census, data on the volume of imported pork and pork products, the increase in assessment amounts would result in an estimated $422,000 increase in assessments over a 12-month period.

On February 26, 1997, AMS published in the Federal Register (62 FR 8639) a proposed rule which would increase the per pound assessment on imported pork and pork products consistent with increases in the 1996 average prices of domestic barrows and gilts to provide comparability between imported and domestic assessments. The proposal was published with a request for comments by March 28, 1997. No comments were received.

Accordingly, this final rule establishes the new per-pound and per-kilogram assessments on imported pork and pork products.
