Safety and Occupational Health Study Section; Meeting

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease Control and Prevention (CDC) announces the following committee meeting:

Name: Safety and Occupational Health Study Section (SOHSS), National Institute for Occupational Safety and Health (NIOSH).

Times and Dates: 8 a.m.-5 p.m., June 10, 1997; 8 a.m.-5 p.m., June 11, 1997.

Place: Embassy Suites Hotel, Meeting Room, 1900 Diagonal Road, Alexandria, Virginia, 22314.

Status: The meeting will be closed in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), title 5 U.S.C., and the Determination of the Associate Director for Management and Operations, CDC, pursuant to Public Law 92-463. Applications and/or proposals and the discussions could reveal confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the applications and/or proposals, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Purpose: The Safety and Occupational Health Study Section will review, discuss and evaluate grant applications in response to NIOSH's standard grants review and funding cycles pertaining to research issues in occupational safety and health and allied areas.

It is the intent of NIOSH to support broad based research endeavors in keeping with the Institute's program goals which will lead to improved understanding and appreciation of the magnitude of the aggregate health burden associated with occupational injuries and illnesses, as well as to support more focused research projects which will lead to improvements in the delivery of occupational safety and health services and the prevention of work-related injury and illness. It is anticipated that research funded will enable the philosophy of NIOSH as articulated in

the Institute's vision statement: Delivering on the Nation's Promise: Safety and Health at Work for All People . . . Through Research and Prevention. Research funded will examine and evaluate current and emerging problems in occupational safety and health in a variety of settings for health and injured workers.

Agenda items are subject to change as priorities dictate.

Proposed Collection; Common Request

Proposed Project(s):

Title: ACF Uniform Discretionary Grant Application Form.

OMB No.: 0970-0139.

Description: ACF has more than forty discretionary grant programs. The proposed information collection form would be a uniform discretionary application form usable for all of these grant programs to collect the information from grant applicants needed to evaluate and rank applicants and protect the integrity of the grantee selection process. All ACF discretionary grant programs would be eligible but not required to use this application form. The application consists of general information and instructions; the Standard Form 424 series that requests basic information, budget information and assurances; the Program Narrative requesting the applicant to describe how these objectives will be reached; and certifications. Guidance for the content of information requested in the Program Narrative is found in OMB Circulars A-102 and A-110.

Respondents: Applicants for ACF Discretionary Grant Programs.

Annual Burden Estimates:

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Application Form	4,127	1	4	16,688
Estimated Total Annual Burden Hours: 16,688.				

In compliance with the requirements of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above. Copies of the proposed collection of information can be obtained and comments can be forwarded by FAX to (202) 260-3305 or by writing to The Administration for Children and Families, Office of Information Services, Division of Information Resource Management Services, 370 L'Enfant Promenade, S.W., Washington, D.C. 20447, Attn: ACF Reports Clearance Officer. All requests should be identified by title of the information collection.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Dated: May 7, 1997.

Bob Sargis,

Acting Reports Clearance Officer.

SUPPLEMENTARY INFORMATION:

Part I. General Information

A. Background

Head Start is a national program providing comprehensive developmental services primarily to low-income preschool children and their families. To help enrolled children achieve their full potential, Head Start programs provide comprehensive health, nutritional, educational, social and other services. In addition, Head Start programs are required to provide

for the direct participation of the parents of enrolled children in the development, conduct, and direction of local programs. Head Start currently serves more than 750,000 children through a network of 1440 grantees and more than 700 delegate agencies.

While Head Start is targeted primarily towards children whose families have incomes at or below the poverty line or who are eligible for public assistance, regulations permit up to ten percent of the Head Start children in local programs to be from families who do not meet these low-income criteria. The Head Start statute also requires that a minimum of ten percent of enrollment opportunities in each program be made available to children with disabilities. Such children are expected to be enrolled in the full range of Head Start services and activities in a mainstream setting with their non-disabled peers, and to receive needed special education and related services.

Head Start programs are locally-designed to provide services through a variety of program options, based on the needs of local families that are not being met by existing early childhood and child care agencies and programs. Program options include part-day/part-year and full-day/full year center-based programs, home-based programs, combinations of center-and home-based options and other locally-designed options.

Migrant Head Start

Migrant Head Start Programs are designed to meet the needs of the children of migrant farmworkers. For purposes of establishing eligibility for Migrant Head Start services, a migrant family is defined as follows:

A family with preschool children who change their residence by moving from one geographic location to another, either intrastate or interstate, within the past 24 months, for the purpose of engaging in agricultural work that involves the production and harvesting of tree and field crops and whose family income comes primarily from this activity. (Please note that, although Head Start regulations in 45 CFR 1305.2 cite a 12 month period in which families are to have relocated, this has been superseded by a provision in the
