Substance Abuse and Mental Health Services Administration

Proposed Data Collection Available for Public Comment

In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Substance Abuse and Mental Health Services Administration will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call the SAMHSA Reports Clearance Officer on (301) 443–0525.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project

Treatment Outcome Performance Pilot Studies (TOPPS)—New—SAMHSA has awarded contracts to 14 States to develop and pilot test performance and outcomes measures for substance abuse treatment services. The pilot studies will collect data from substance abuse clients, including pregnant women, women with dependent children, adolescents, and managed care clients. Measures of addiction severity and other outcomes will be obtained at admission, discharge, and post-discharge. The estimated annualized burden for the two-year project is summarized below.
