

Antidumping/Countervailing Duty Enforcement, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

**Applicable Statute and Regulations**

Unless otherwise indicated, all citations to the Tariff Act of 1930 (the Act), as amended, are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 (the Act) by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department's regulations are to the current regulations, as amended by the interim regulations published in the **Federal Register** on May 11, 1995 (60 FR 25130).

**Amended Final Results**

On December 31, 1996, the Department of Commerce (the Department) published the final results of its administrative review of the antidumping duty order on certain welded carbon steel pipe and tube (pipe and tube) from Turkey (61 FR 69067). The period of review (POR) is May 1, 1994, through April 30, 1995.

On January 17, 1997, Erciyas Boru Sanayii ve Ticaret A.S. (Erbosan) filed a timely allegation, pursuant to 19 CFR 353.28, of a ministerial error with regard to the final results in the 1994-95 administrative review of the antidumping duty order on pipe and tube from Turkey. Erbosan alleged that the Department intended to index costs based on the month of shipment, but instead indexed based on the sale date.

We have determined, in accordance with section 751(h) of the Act, that a ministerial error was made in our margin calculation for Erbosan. For a detailed discussion and the Department's analysis, see Memorandum from Case Analysts to Richard W. Moreland, dated April 7, 1997. In accordance with 19 CFR 353.28(c), we are amending the final results of the administrative review of steel pipe and tube from Turkey to correct this ministerial error.

**Scope of the Review**

Imports covered by this review are shipments of certain welded carbon steel pipe and tube products with an outside diameter of 0.375 inch or more but not over 16 inches, of any wall thickness. These products are currently classifiable under the following Harmonized Tariff Schedule of the United States (HTSUS) subheadings: 7306.30.10.00, 7306.30.50.25,

7306.30.50.32, 7306.30.50.40, 7306.30.50.55, 7306.30.50.85, and 7306.30.50.90. These products, commonly referred to in the industry as standard pipe and tube, are produced to various American Society for Testing and Materials (ASTM) specifications, most notably A-120, A-53 or A-135.

Although the HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of this proceeding is dispositive.

**Amended Final Results of Review**

Upon correction of the ministerial errors, we have determined that the following margins exist for the period indicated:

Manufacturer/exporter	Time period	Margin percent
Erbosan .....	5/1/94-4/30/95	7.54

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. Individual differences between United States price and normal value may vary from the percentages stated above. The Department will issue appraisal instructions directly to the Customs Service.

We will direct the Customs Service to collect cash deposits of estimated antidumping duties on all appropriate entries in accordance with the procedures discussed in the final results of the review (61 FR 69067) and as amended by this determination. The amended deposit requirements are effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice and shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also is the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 353.34(d). Failure to comply is a violation of the APO.

This administrative review and notice are in accordance with section 751(a)(1) of the Act (19 U.S.C. 1675(a)(1)) and 19 CFR 353.28.

Dated: May 9, 1997.

**ACTION:** Proposed collection; comment request.

**SUMMARY:** The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)).

**DATES:** Written comments must be submitted on or before July 15, 1997.

**ADDRESSES:** Direct all written comments to Linda Engelmeier, Departmental Forms Clearance Officer, Department of Commerce, Room 5327, 14th and Constitution Avenue, NW, Washington DC 20230.

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to: Mark Murray-Brown, National Marine Fisheries Service, Highly Migratory Species Division, One Blackburn Dr., Gloucester, MA 01930-2298, (508) 281-9208.

**SUPPLEMENTARY INFORMATION:**

**I. Abstract**

The purpose of the collection of information is to comply with the United States' obligations under the Atlantic Tunas Convention Act. The Act requires the Secretary of Commerce to promulgate regulations adopted by the International Commission for the Conservation of Atlantic Tunas (ICCAT). As a member of ICCAT, the United States is required to take part in the collection of biological statistics for research purposes. These actions include a requirement for a completed, approved statistical document as a condition for lawful import, export, or re-export of Pacific or Atlantic bluefin

tuna. The collection serves three purposes of ICCAT: (1) Provides stock assessment and research information, (2) verifies catch monitoring programs so as not to exceed the country quota, and (3) augments NMFS's ability to better quantify all bluefin tuna that enter into commerce of the United States.

## II. Method of Collection

A Bluefin Tuna Statistical Document must accompany all imports or exports of bluefin tuna. Copies must be retained for 2 years. In certain cases NOAA authorization can be obtained by firms to validate the Document in place of a government official.

#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

The wreckfish fishery for the South Atlantic is managed under an Individual Transferable Quota System. Under this system fishermen are issued a share of the fishery and an individual annual quota. Shares are issued by certificate and may be bought and sold. Buying and selling of shares are not completed until the transfer is recorded by the National Marine Fisheries Service. The information in this collection is necessary so the National Marine Fisheries Service can record the sale.

##### II. Method of Collection

When shares in the wreckfish fishery are sold, information concerning the sale is recorded on the back of the share certificate and sent to the National Marine Fisheries Service. The transfer of ownership is recorded and new share certificates issued.

##### III. Data

*OMB Number:* 0648-0262.

*Form Number:* None.

*Type of Review:* Regular Submission.

*Affected Public:* Businesses (commercial fishermen).

*Estimated Number of Respondents:* 4.  
*Estimated Time Per Response:* 15 minutes.

*Estimated Total Annual Burden Hours:* 1 hour.

*Estimated Total Annual Cost to Public:* Shareholders are charged for the administrative cost of the share transfer. This annual cost is expected to be \$160.00.
