is voluntary. Licensees who choose not to implement this guidance may continue to submit monthly operating reports as they have in the past.

The generic letter is a "rule" for purposes of the Small Business Regulatory Enforcement Fairness Act (5 U.S.C., Chapter 8). The staff has received confirmation from the Office of Management and Budget that the generic letter is a non-major rule.

This generic letter is available in the NRC Public Document Room under accession number 9705020260.

In this regard, the NRC staff has concluded that the scope of the information requested in the monthly operating report, which is called for in the Technical Specifications of nuclear power reactors, may be reduced.

Dated at Rockville, Maryland, this 15th day of May 1997.
