Notice of Lodging of Consent Decree in Clean Air Act Civil Enforcement Action

In accordance with the Departmental Policy, 28 CFR § 50.7, notice is hereby given that a Consent Decree in *United States v. Westinghouse Electric Corp., Waste Resource Energy, Inc., and York Resource Energy, Inc.*, Civil Action No. 97-3287, was lodged with the United States District Court for the Eastern District of Pennsylvania on May 8, 1997.

The United States filed a complaint on May 8, 1997, against Westinghouse Electric Corp., Waste Resource Energy, Inc., and York Resource Energy, Inc. ("defendants"), alleging violations of the Clean Air Act, 42 U.S.C. § 7401 *et seq.*, occurring at defendants' municipal solid waste incinerators located in Chester and York, Pennsylvania. The complaint alleges that the defendants violated the Clean Air Act by emitting air pollutants, including hydrochloric acid, carbon monoxide, and sulphur dioxide in amounts in excess of the limits established in the defendants' Prevention of Significant Deterioration ("PSD") permits, which were issued to defendants by the Pennsylvania Department of Environmental Protection ("PADEP"). The Commonwealth of Pennsylvania, on behalf of PADEP, filed a complaint in intervention in the action brought by the United States.

The proposed Consent Decree resolves the defendants' liability to the United States and to the Commonwealth of Pennsylvania for the violations alleged in the complaints. The Decree requires the defendants to: (1) comply with the terms of their PSD permits; (2) operate and maintain their incinerators in compliance with certain terms of the Decree; (3) perform certain supplemental environmental projects valued at \$300,000; and (4) pay a civil penalty of \$50,000 to the United States and \$50,000 to the Commonwealth of Pennsylvania.

The Department of Justice will accept written comments on the proposed Consent Decree for thirty (30) days from
