#### Approval and Promulgation of Air Quality Implementation Plans, Tennessee; Approval of Revisions To Permit Requirements, Definitions, Exemptions, and Internal Combustion Engines Regulations

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** The EPA proposes to approve the revisions to the Nashville/Davidson County portion of the Tennessee State Implementation Plan (SIP) submitted by the State of Tennessee for the purpose of revising the current regulations for the permit requirements for major sources of air pollution, including revisions to the general definitions, permit requirements, and the exemptions. Also included was a revision to the regulations for internal combustion engines. In the final rules section of this **Federal Register**, the EPA is approving the State's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

**DATES:** To be considered, comments must be received by June 30, 1997.

**ADDRESSES:** Written comments on this action should be addressed to Karen Borel, at the Environmental Protection Agency, Region 4 Air Planning Branch, 61 Forsyth Street, SW, Atlanta, GA, 30303.
