Environmental Impact Statement Modifications to the Port of Entry in Tecate, California

The General Services Administration (GSA) invites the public to participate in a public scoping meeting for the preparation of an Environmental Impact Statement (EIS) pursuant to the National Environmental Policy Act.

The EIS will address the proposed modification of the Tecate Port of Entry to eliminate on-site traffic safety hazards for motorists and pedestrians and upgrade inadequate water supply, wastewater and storm water facilities.

A draft Environmental Assessment was prepared and submitted for public review on March 24, 1997. As a result of public comments regarding the preferred action, GSA is preparing an EIS to more fully address environmental and social impacts of the proposed action and alternatives.

Public participation in the scoping process is encouraged to identify potential issues of community concern which should be addressed in the EIS. Both written and oral comments are solicited and will be considered. The public scoping meeting will be held on June 11, 1997 at the Port of Entry, Tecate, California. There will be two sessions; one: 5 to 7 p.m. and one 7 to 9 p.m. to allow for participation by citizens of Mexico and the United States. There will be a translator available. Written comments may be submitted until July 1, 1997.
