

At its meeting on March 4, 1997, the Commission concluded that it was in the public interest to make its draft report available to organizations that provided information in testimony before the Commission, other interested parties, and the general public. The Commission is interested in receiving comments and corrections for consideration in preparing its final report. The final report of the Commission will be completed on or before September 30, 1997.

Written comments and corrections to the draft report should be sent to Kenneth D. Fisher, Ph.D., Executive Director at the address listed above. Written comments and corrections may also be sent by facsimile to the address above. Written communications must be received by close of business on July 25, 1997 in order that they be considered by the Commission on Dietary Supplement Labels for possible inclusion in the final report.

Dated: May 23, 1997.

Susanne A. Stoiber,

Acting Deputy Assistant Secretary for Health (Disease Prevention and Health Promotion), U.S. Department of Health and Human Services.

Administration for Children and Families

Early Head Start Evaluation

OMB No.: 0970-0143.

Description: The Head Start Reauthorization Act of 1994 established a special initiative creating funding for services for families with infants and toddlers. In response the Administration on Children, Youth and Families (ACYF) designed the Early Head Start (EHS) program. In September 1995, ACYF awarded grants to 68 local programs to serve families with infants and toddlers. ACYF awarded grants to an addition 75 local programs in September 1996.

EHS programs are designed to produce outcomes in four domains: (1) Child development, (2) family development, (3) staff development, and (4) community development. The Reauthorization required that this new initiative be evaluated. To study the effect of the initiative, ACYF awarded a contract through a competitive procurement to Mathematica Policy Research, Inc. (MPR) with a subcontract to Columbia University's Center for Young Children and Families. The evaluation will be carried out from October 1, 1995 through September 30, 2000. Data collection activities that are

the subject of this **Federal Register** notice are intended for the second phase of the EHS evaluation.

The sample for the child and family assessments will be approximately 3,400 families who include a pregnant woman or a child under 12 months of age, in 17 EHS study sites. Each family will be randomly assigned to a treatment group or a control group. The sample for the child care assessments will include the primary child care provider for the focal child in each of the 3,400 study sample families. The surveys and assessments will be conducted through computer-assisted telephone and personal interviewing, pencil and paper self-administered questionnaires, structured observations and videotaping. All data collection instruments have been designed to minimize the burden on respondents by minimizing interviewing and assessment time. Participation in the study is voluntary and confidential.

The information will be used by government managers, Congress and others to identify the features and evaluate the effectiveness of the EHS program.

Respondents: Applicants to the Early Head Start program and child care providers for Early Head Start families and control group families.
