Information Collections to be Submitted to the Office of Management and Budget (OMB) for Extension Approval

SUMMARY: The collections of information listed below will be submitted to the OMB for extension approval under the provisions of the Paperwork Reduction Act of 1995. Copies of specific

information collection requirements, related forms and explanatory material may be obtained by contacting the Service Information Collection Clearance officer at the address and/or phone number listed below.

DATES: Comments must be submitted on or before August 4, 1997.

ADDRESSES: Comments and suggestions on specific requirements should be sent to the Service Information Collection Clearance Officer, US Fish and Wildlife Service, MS 224-ARLSQ: 1849 C Street, NW., Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT: Phyllis H. Cook, Service Information Collection Clearance Officer, 703/358-1943; 703/358-2269 (fax).

SUPPLEMENTARY INFORMATION: The Service proposed to submit the following information collection requirements to OMB for review and clearance under the Paperwork

Reduction Act of 1995, Public Law 104-13. Comments are invited on (1) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of burden, including whether the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Under the present clearance, all permit requirements were contained in one submission and they were assigned OMB Approval Number 1018-0022, the

Federal Fish and Wildlife License/ Permit Application and Related Reports, Service form number 3-200. In an attempt to make the comment and application process more "user friendly," similar types of permits have been grouped together and numbered. The application to apply for Service permits issued under subchapter B of Title 50 of the Code of Federal Regulations (CFR), will still require completion of the standard 3-200 form. In addition to the permit application, attachments are often necessary to provide additional information required for each specific type of permit and have assigned numbers, e.g., 3-200.2.

The information on the application form will be used by the Service to review permit applications and allow the Service to make decisions, according to criteria established in various Federal wildlife conservation statutes and regulations, on the issuance, suspension, revocation or denial of permits. The frequency of response for the following types of permit applications/licenses is on occasion, and all have been currently assigned OMB Approval Number 1018-0022, unless otherwise noted.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB approval number and the agency informs the potential persons who are to respond to such collections that they are not required to respond to the collection of information unless it displays a currently valid OMB approval number.
