Therefore, we are re-combining the two collections as 3060-0051 (FCC Form 405-B) and will let the collection for 3060-0615 expire. The number of respondents and the burden have been adjusted accordingly due to delicensing and re-combining of the collections. A space for the applicant to provide an Internet or e-mail address is being added to the form as an alternative media for contacting the applicant with questions relating to the application. We are also requesting permission to collect the Taxpayer Identification Number (TIN) to comply with the Debt Collection Improvement Act of 1996. This will be added to the application sometime during the OMB three year cycle. FCC staff will use the data to determine eligibility for a renewed radio station authorization, and to issue a radio station license. Data is also used by Compliance personnel in conjunction with field engineers for enforcement and interference resolution purposes.
