

Pursuant to an operating agreement dated April 22, 1997, between the State and STC, STC will provide freight service over the line for a period of 20 years (subject to cessation of operations or termination of the agreement as provided in the agreement) if shippers timely ensure that the applicable rehabilitation costs will be recoverable. STC may also provide service over an additional state-owned railroad corridor into Rapid City, SD, where the connecting railroad would be the Dakota, Minnesota, and Eastern Railroad.

This rail line qualifies for a modified certificate of public convenience and necessity. See Common Carrier Status of States, State Agencies and Instrumentalities, and Political Subdivisions, Finance Docket No. 28990F (ICC served July 16, 1981).

At present, no entity has committed to subsidize operations on the line. Commencement of rehabilitation or operations is contingent upon shippers meeting the following preconditions by entering into binding written commitments to: (1) provide funding for rehabilitation purposes equal to a sum no less than \$3,500,000;² (2) provide funding for rail, track, and other track material in an amount no less than \$1,500,000 and for reimbursement of interest on such amount until paid; and (3) assure sufficient carloadings (or payments in lieu thereof) in an amount no less than 2,000 carloadings yearly, adequate to cover all costs associated with maintenance, operation and capitalization of the line.

This notice must be served on the Association of American Railroads (Car Service Division) as agent for all railroads subscribing to the car-service and car-hire agreement: Association of American Railroads, 50 F St., NW, Washington, DC 20001; and on the American Short Line Railroad Association, 1120 G St., NW, Suite 520, Washington, DC 20005.
