

Assignment), and Section 15 (Scheduling of Gas Receipts and Deliveries), as required by the Commission.

Overthrust states further that it will (1) adopt the Gas Industry Standards Board Model Trading Partner Agreement reflecting Internet standards when approved by the Commission and (2) receive and process any Sender's Option data elements that the sender chooses to submit.

Overthrust requests waiver of 18 CFR 154.207 so that the tendered tariff sheets may become effective June 1, 1997, as proposed.

Overthrust states that a copy of this filing has been served upon its customers and the Wyoming Public Service Commission.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules of Practice and Procedure. All such protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection.

Lois D. Cashell,
Secretary.

[Docket No. RP97-224-005]

Sea Robin Pipeline Company; Notice of Proposed Changes in FERC Gas Tariff

June 9, 1997.

Take notice that on June 4, 1997, Sea Robin Pipeline Company (Sea Robin) tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, the following revised Tariff sheets in compliance with the Commission's Order No. 587 and the Commission's May 20, 1997 order in this docket, to become effective June 1, 1997.

First Substitute Fifth Revised Sheet No. 7
First Substitute Second Revised Sheet No. 95

On July 17, 1996, the Commission issued Order No. 587 in Docket No. RM96-1-000 which revised the Commission's regulations governing interstate natural gas pipelines to require such pipelines to follow certain standardized business practices issued by the Gas Industry Standards Board (GISB) and adopted by the Commission in said Order. 18 CFR 284.10(b). On May 20, 1997, the Commission issued an order in this docket in response to Sea Robin's March 28, 1997, filing to comply with Order No. 587. The order required Sea Robin to revise and submit a compliance filing to be effective June 1, 1997. Sea Robin was directed to include in its tariff filing a general incorporation of GISB Standards 2.3.16-2.3.20 and a Model Business Trading Agreement for EDI users.

The Commission also directed Sea Robin to include on its rate sheets the volumetric capacity release rate and the fuel and company use rate. In conjunction with the compliance filing, Sea Robin requests a waiver of the Commission's Regulations to implement Version 1.1 of GISB Standard 5.3.22—the methodology for calculating the volumetric capacity release rate. Such version is proposed to be implemented November 1, 1997, as required by Commission Order No. 587-C, and the calculation in Version 1.1 is the methodology that Sea Robin has been using prior to the June 1, 1997, implementation of the GISB Standards.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules of Practice and Procedures. All such protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

Lois D. Cashell,
Secretary.

[Docket No. RP97-386-000]

Tennessee Gas Pipeline Company; Notice of Tariff Filing

June 9, 1997.

Take notice that on June 4, 1997, Tennessee Gas Pipeline Company (Tennessee) tendered for filing as part of its FERC Gas Tariff, Fifth Revised Volume No. 1, the revised tariff sheets listed in Appendix A to the filing. Tennessee requests an effective date of July 4, 1997 for the revised sheets.

Tennessee states that the purpose of the revised tariff sheets is to eliminate Demand Delivery Service (DDS) from its FERC Gas Tariff. Tennessee further state that good cause exists for elimination of DDS because no customers currently use the service; no new or existing customers could be eligible for the service; and it would be an administrative burden for Tennessee to maintain a service that no customer would or could utilize.

Tennessee states that copies of the filing have been mailed to all affected customers and state regulatory commissions.

Any person desiring to be heard or to protest this filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC. 20426, in accordance with 18 CFR 385.211 and 385.214 of the Commission's Rules and Regulations. All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to this proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and available for public inspection in the Public Reference Room.

Lois D. Cashell,
Secretary.
