

The Commission has re-evaluated its receipts of this form which attributes to a significant decrease in the number of respondents from 20,000 to 49 and a decrease in the total annual burden from 34,320 hours to 8 hours. The filing activity of this form has been reduced to more of a maintenance-type function since most of the markets have been disbursed, thus causing a significant decrease in receipts.

The information collected will be used by the Commission to determine whether the applicant is qualified legally, technically and financially to be licensed as a cellular operator.
