- III. Deletion Procedures
- IV. Basis for Intended Site Deletion

I. Introduction

The Environmental Protection Agency
(EPA) Region III announces its intent to
delete the Hranica Landfill Site, Buffalo
Township, Butler County, Pennsylvania,
from the National Priorities List (NPL),
Appendix B of the National Oil and
Hazardous Substances Pollution
Contingency Plan (NCP), and requests
comments on this deletion. The EPA
identifies sites that appear to present a
significant risk to public health, welfare,
or the environment and maintains the
NPL as the list of those sites. Sites on
the NPL may be the subject of remedial
actions financed by the Hazardous
Substance Superfund Response Trust
Fund (Fund). Pursuant to § 300.425(e)(3)
of the NCP, any site deleted from the
NPL remains eligible for Fund-financed
remedial actions if conditions at the site
warrant such action.

EPA will accept comments on the
proposal to delete this Site from the
NPL on or before July 21, 1997.

Section II of this document explains
the criteria for deleting sites from the
NPL. Section III discusses procedures
that EPA is using for this action. Section
IV discusses how the Site meets the
deletion criteria.

II. NPL Deletion Criteria

The NCP establishes the criteria that
the Agency uses to delete sites from the
NPL. In accordance with 40 CFR
300.425(e), sites may be deleted from
the NPL where no further response is
appropriate. In making this
determination, EPA, in consultation
with the State, will consider whether
any of the following criteria have been
met:

(i) Responsible or other parties have
implemented all appropriate response
actions required; or

(ii) All appropriate Fund-financed
responses under CERCLA have been
implemented and no further cleanup is
appropriate; or

(iii) As set forth in the investigative
findings for the Site, the release poses
no significant threat to public health or
