Antifriction Bearings (Other Than Tapered Roller Bearings) and Parts Thereof From France; Amended Final Results of Antidumping Duty Administrative Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of amended final results of Antidumping Duty Administrative Reviews.

SUMMARY: On March 26, 1997, the Department of Commerce (the Department) published Antifriction Bearings (other than tapered roller bearings) and parts thereof from France, Germany, Italy, Japan, Singapore, and the United Kingdom; Amended Final Results of Antidumping Duty Administrative Reviews, 62 FR 14391 (Amended Final Results). On May 27, 1997, the Court of International Trade (CIT) ordered the Department to correct three clerical errors in the Amended Final Results with respect to antifriction bearings (AFBs) from France sold by SNR Roulements (SNR). Accordingly, we are amending our amended final results of administrative reviews of the antidumping duty of orders on AFBs from France with respect to SNR. The reviews cover the period May 1, 1994, through April 30, 1995. The "classes or kinds" of merchandise covered by the reviews are ball bearings and parts thereof (BBs) and cylindrical roller bearings and parts thereof (CRBs).

EFFECTIVE DATE: June 25, 1997.

SUPPLEMENTARY INFORMATION:**Background**

On March 26, 1997, the Department published the amended final results. The reviews cover the period May 1, 1994, through April 30, 1995 and the classes or kinds of merchandise covered by these reviews are BBs and CRBs. For a detailed description of the products covered under these classes or kinds of merchandise, including a compilation of all pertinent scope determinations, see the "Scope Appendix" of Antifriction Bearings (other than tapered roller

bearings) and parts thereof from France, Germany, Italy, Japan, Singapore, and the United Kingdom; Final Results of Antidumping Duty Administrative Reviews, 62 FR 2081 (January 15, 1997) (Final Results).

Respondent SNR challenged the amended final results before the CIT, alleging clerical errors in the amended calculations for AFBs from France. On May 27, 1997, the CIT ordered the Department to correct certain errors and publish amended final results incorporating the corrections in the **Federal Register** by June 26, 1997. See *SNR Roulements v. United States*, Slip Op. 97-64, May 27, 1997.

The CIT ordered the Department to make the following corrections to its analysis for SNR: (1) Delete the OBS=50 instruction at line 1054 of the margin calculation program (this corrects the home market model match programming to ensure all models are available for the model-match exercise); (2) delete from the currency conversion calculations the variables reported in U.S. dollars for indirect selling expenses incurred in the home market on U.S. sales and inventory carrying cost incurred in the home market on U.S. sales; and (3) substitute total cost of production incurred in the home market for total value as the denominator in the calculation of the credit rate. We have amended SNR's margin calculations as the CIT has directed.

Amended Final Results of Reviews

As a result of the amended margin calculations as directed by the CIT, the following weighted-average percentage margins exist for the period May 1, 1994, through April 30, 1995:

Manufacturer/exporter and country	BBs rate (percent)	CRBs rate (percent)
SNR, France	3.05	6.41

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. Because sampling and other simplification methods prevent entry-by-entry assessments, we will calculate wherever possible an exporter/importer-specific assessment rate for each class or kind of AFBs.

We will instruct the Customs Service to collect cash deposits of estimated antidumping duties on all appropriate entries in accordance with the procedures discussed in the final results of these reviews (62 FR 2081) and as amended by this determination. These amended deposit requirements are effective for all shipments of the subject merchandise entered, or withdrawn

from warehouse, for consumption on or after the date of publication of this notice and shall remain in effect until publication of the final results of the next administrative reviews.

This notice serves as a final reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 353.34(d). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply is a violation of the APO.

This amendment of final results of reviews and notice are in accordance with section 751(f) of the Tariff Act (19 U.S.C. 1673(d)) and 19 CFR 353.28(c).

Dated: June 19, 1997.

Robert S. LaRussa,

Acting Assistant Secretary for Import Administration.
