Federal Energy Regulatory Commission

[Docket Nos. FA96-6-003 and RP92-137-046]

Transcontinental Gas Pipe Line Corporation; Notice of Compliance Filing

June 23, 1997.

Take notice that on June 13, 1997, Transcontinental Gas Pipe Line Corporation (Transco) tendered for filing with the Federal Energy Regulatory Commission its refund plan to comply with the Division of Audits letter order of January 8, 1997 in OCA-DOA Docket Nos. FA96-6-000 and 002.

As background to the instant filing, the January 8 Order recommended corrective actions on certain findings of non-compliance with the Commission's accounting, financial reporting and related regulations. Part I, Compliance Exception No. 3, stated, in part, that Transco inappropriately excluded certain interruptible transportation revenues related to a Spider Field lateral in Louisiana from its excess IT revenue refunds covering the period September 1, 1992 through October 31, 1994. The instant filing is to submit a refund plan to distribute such revenue to firm shippers, GSS customers and interruptible shippers paying maximum rates covering the period September 1, 1992 through October 31, 1993.

Transco states that copies of the filing have been served upon its affected customers and interested State Commissions.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's rules and regulations. All such protests must be filed on or before June 30, 1997. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
