## FEDERAL RESERVE SYSTEM

### 12 CFR Part 265

[Docket No. R-0973]

#### Rules Regarding Delegation of Authority

**AGENCY:** Board of Governors of the Federal Reserve System.

**ACTION:** Final rule.

**SUMMARY:** The Board is amending its delegation rules to allow the Secretary of the Board to determine the Federal Reserve District in which an institution is located for purposes of Federal Reserve membership and reserve account maintenance. This amendment should provide for more expeditious handling of location determinations.

**EFFECTIVE DATE:** October 1, 1997.

For the hearing impaired *only*, contact Diane Jenkins, Telecommunications Device for the Deaf (TDD) (202/452-3544), Board of Governors of the Federal Reserve System, 20th and C Streets, N.W., Washington, D.C. 20551.

**SUPPLEMENTARY INFORMATION:** The Board has adopted amendments to its Regulations D (Reserve Requirements of Depository Institutions, 12 CFR part 204) and Regulation I (Issue and Cancellation of Capital Stock of Federal Reserve Banks, 12 CFR part 209) to define the location of a depository institution for purposes of Federal Reserve membership and reserve account maintenance. (See Docket No. R-0963, elsewhere in today's **Federal Register**.) The amendments provide that an institution is considered to be located in the Federal Reserve District specified in its charter or organizing certificate, or, if no such location is specified, the location of its head office. The Board could make exceptions to the general rule for a particular institution after considering certain criteria. Thus, if the institution's location were uncertain or its location based on its charter, organizing certificate, or head office differed from the location where it conducted most of its business, the Board could designate the appropriate

location, after consultation with the institution and the relevant Reserve Banks. (The relevant Reserve Banks are the Reserve Bank whose district contains the bank's charter, organizing certificate, license, or head office location and the Reserve Bank in whose district the bank is proposed to be located.)

The Board is delegating to the Secretary of the Board the authority to make a location determination under Regulation D or Regulation I if the relevant Federal Reserve Banks and the institution agree on the specific Reserve Bank in which the institution should hold stock or with which the institution should maintain a reserve account, and the agreed-upon location does not raise any significant policy issues.

#### Administrative Procedure Act

The Administrative Procedure Act (5 U.S.C. 553(b)(A)) exempts "rules of agency organization, procedure, or practice" from the notice of proposed rulemaking and public comment requirements. As the Board's delegation rules fall under this exemption, the Board is adopting these amendments without notice-and-comment procedures.

#### Airworthiness Directives; Fokker Model F28 Mark 0100 Series Airplanes

**AGENCY:** Federal Aviation Administration, DOT.

**ACTION:** Final rule.

**SUMMARY:** This amendment adopts a new airworthiness directive (AD), applicable to certain Fokker Model F28 Mark 0100 series airplanes, that requires loosening certain nuts on the horizontal stabilizer control unit (HSCU) to reduce stress on bolts; a one-time inspection of certain bolts on the HSCU to detect cracking, and replacement, if necessary; application of corrosion protection to these bolts; and reassembly and reidentification of the modified HSCU. This amendment is prompted by reports indicating that stress corrosion, resulting from overtightening of nuts on these bolts, has caused some of these bolts to crack and fail. The actions specified by this AD are intended to prevent failure of these bolts because of stress corrosion cracking which, if not corrected, could lead to loss of control of the horizontal stabilizer and reduced controllability of the airplane.

**DATES:** Effective August 1, 1997.
