**Cranberry Pipeline Corporation; Notice
of Petition for Rate Approval**

June 24, 1997.

Take notice that on June 17, 1997, Cranberry Pipeline Corporation—Pennsylvania Operations (Cranberry), filed a petition for rate approval, pursuant to Section 284.123(b)(2) of the Commission's Regulations, requesting that the Commission approve as fair and equitable a rate of 67.81 cents per Mcf for Section 311 transportation services performed on Cranberry's Pennsylvania system.

Cranberry states that it is an intrastate pipeline within the meaning of Section 2(16) of the NGPA and its owns and operates discrete pipeline facilities within States of West Virginia and Pennsylvania. Cranberry states that its West Virginia and Pennsylvania systems are completely separate and rate approvals for those systems have traditionally been determined in completely separate proceedings. The proposed cost of service and resulting unit rate are based on actual costs incurred for the 12 month period ended March 31, 1997, on Cranberry's integrated system. The proposed cost of service is \$5,723,318 based on a rate of return 10.86% and total O&M and A&G expenses of \$2,138,315. The test period throughput was 8,440,479 Mcf resulting in the unit rate of \$0.6781 per Mcf. Cranberry proposes an effective date on or after June 17, 1997.

Pursuant to Section 284.123(b)(2)(ii), if the Commission does not act within 150 days of the filing date, the rate will be deemed to be fair and equitable and not in excess of an amount which interstate pipelines would be permitted to charge for similar transportation service. The Commission may, prior to the expiration of the 150-day period, extend the time for action or institute a proceeding to afford parties an opportunity for written comments and for the oral presentation of views, data, and arguments.

Any person desiring to participate in this rate proceeding must file a motion to intervene in accordance with Sections 385.211 and 385.214 of the Commission's Rules of Practice and Procedures. All motions must be filed with the Secretary of the Commission on or before July 15, 1997. The petition for rate approval is on file with the

Commission and is available for public inspection.
