**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice; request for public comment.

**SUMMARY:** In accordance with section 122(i) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA"), notice is hereby given of a proposed administrative settlement concerning the Cemetery Lane Superfund Site in Howard County, Maryland, with Howard County ("Respondent"). The

settlement requires Respondent to pay a total of \$125,000 to the Hazardous Substances Superfund. The settlement includes an EPA covenant not to sue the Respondent pursuant to section 107 of CERCLA, 42 U.S.C. § 9607. Section 122(h) of CERCLA, 42 U.S.C. § 9622(h), provides EPA with authority to enter into administrative cost recovery settlements.

For thirty days following the date of publication of this document, the Agency will receive written comments relating to the settlement. The Agency will reconsider the settlement if comments received disclose facts or considerations which indicate that the settlement is inappropriate, improper, or inadequate. The Agency's response to any comments received will be available for public inspection at USEPA Region III, 841 Chestnut Street, Philadelphia, PA 19107.

**DATES:** Comments must be provided on or before July 31, 1997.

**FOR FURTHER INFORMATION CONTACT:** Marcia Preston (Mail Code 3RC21) (215) 566-2679, U.S. Environmental Protection Agency, 841 Chestnut Building, Philadelphia, Pennsylvania 19107.

**SUPPLEMENTARY INFORMATION:** Notice of Administrative Cost Recovery Settlement:

In accordance with section 122(i)(1) of CERCLA, notice is hereby given of a proposed administrative settlement concerning the Cemetery Lane Superfund Site, in Howard County, Maryland. Subject to review by the public pursuant to this document, the agreement has met with the approval of the Attorney General or her designee, the United States Department of Justice.

The Respondent has agreed to pay \$125,000, subject to the contingency that EPA may elect not to complete the settlement if comments received from the public during this comment period disclose facts or considerations which indicate the proposed settlement is inappropriate, improper, or inadequate. This settlement was reached through means of an alternative dispute resolution process.

Money collected from this settlement will be used to reimburse the Superfund for past response costs incurred at or in connection with the Site. These costs were incurred when EPA conducted a removal at the Site in 1990 and 1991. The removal action consisted chiefly of the offsite disposal of contaminated drums and soil found at the Site.

EPA is entering into this agreement under the authority of sections 122(h) and 107 of CERCLA.
