

information recommended in the CSO control policy that will be developed by municipalities with combined sewer overflows (CSOs). Specifically, the information is the documentation that the municipalities have implemented the nine minimum controls specified in the CSO policy, the long-term control plan that the municipalities must develop and implement to achieve compliance with the requirements of the Clean Water Act and applicable State water quality standards (WQS), and compliance monitoring data for demonstrating compliance with applicable WQS and National Pollutant Discharge Elimination System (NPDES) permit conditions. The first two information submittals are one-time submittals; the last element will be submitted semi-annually as part of the municipalities' Discharge Monitoring Reports (DMRs). EPA will use this information to determine how well the CSO control policy is being implemented at the State and local level and to prepare the performance reports required under the Government Performance and Results Act (GPRA). Under the GPRA, EPA selected the CSO Control Program as a pilot program for FY 1997 and FY 1998. As such, EPA developed a FY 1997 Performance Plan that includes performance goals and associated performance measures for determining how well the program is achieving these goals. The information to be collected under this information collection is necessary to determine the program's achievement of the performance measures. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR Chapter 15. The **Federal Register** Notice required under 5 CFR 1320.8(d), soliciting comments on this collection of information was published on February 25, 1997 (62 FR 8445). No comments were received.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 680 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and

maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Municipalities with combined sewer overflow systems that have combined sewer overflows (CSOs).

Estimated Number of Respondents: 980.

Frequency of Response: One time for selected items and semi-annually for other items.

Estimated Total Annual Hour Burden: 622,777.

Estimated Total Annualized Cost Burden: \$73,900.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including the use of automated collection techniques, to the following addresses. Please refer to EPA ICR No. 1680.02 and OMB Control No. 2040-0170 in any correspondence.

Ms. Sandy Farmer, U.S. Environmental Protection Agency, OPPE Regulatory Information Division (2137), 401 M Street, SW., Washington, DC 20460 and

Office of Information and Regulatory Affairs, Office of Management and Budget, Attention: Desk Officer for EPA, 725 17th Street, NW., Washington, DC 20503.

Dated: June 26, 1997.

Joseph Retzer,

Director, Regulatory Information Division.

Environmental Statistics Subcommittee of the National Advisory Council for Policy and Technology; Public Meeting

AGENCY: Environmental Protection Agency (EPA).

ACTION: Cancellation of notice of public meeting.

SUMMARY: This is a cancellation notice for the July 22, 1997, Environmental Statistics Subcommittee (of the Environmental Information, Economics and Technology Committee) of the

National Advisory Council on Environmental Policy and Technology (NACEPT) meeting.

The Environmental Statistics Subcommittee was formed to provide key recommendations and strategic advice on the statistical products and activities necessary to enhance the Agency's knowledge about environmental statistics and trends, and to explore information gaps from the perspective of the users/products of these data products. The meeting was being held to discuss and offer critical advice on initiatives of the Office of Strategic Planning and Environmental Data.

DATES: The public meeting was to be held on July 22, 1997, from 9 a.m. to 5 p.m. The meeting was to be held at Loews L'Enfant Plaza Hotel, 480 L'Enfant Plaza, SW, 2nd Floor Renoir Conference Room, Washington, DC 20024. This meeting was open to the public.

ADDRESSES: Written comments should be sent to: N. Phillip Ross, Office of Strategic Planning and Environmental Data, U.S. Environmental Protection Agency, Mail Code 2161, 401 M Street, SW., Washington, DC 20460.

FOR FURTHER INFORMATION CONTACT: N. Phillip Ross, Designated Federal Official, Direct Line (202) 260-0250, General Line (202) 260-5244; FAX (202) 260-8550.

N. Phillip Ross,

Designated Federal Official.
