Certain Helical Spring Lock Washers From the People's Republic of China; Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration,
International Trade Administration,
Department of Commerce.

ACTION: Notice of preliminary results of
antidumping duty administrative
review.

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on certain helical spring lock washers (HSLWs) from the People's Republic of China (PRC) in response to requests submitted by the petitioner, Shakeproof Industrial Products Division of Illinois Tool Works (SIP), and by the respondent, Zhejiang Wanxin Group Co., Ltd., (ZWG). This review covers shipments of the subject merchandise to the United States during the period October 1, 1995 through September 30, 1996.

We have preliminarily determined that sales have been made below normal value (NV). If these preliminary results are adopted in our final results, we will instruct the U.S. Customs Service to assess antidumping duties equal to the difference between the export price and NV.

Interested parties are invited to comment on these preliminary results. Parties who submit argument are requested to submit with each argument (1) a statement of the issue and (2) a brief summary of the argument.

EFFECTIVE DATE: July 11, 1997.

FOR FURTHER INFORMATION CONTACT: Tamara Underwood, Donald Little, or Maureen Flannery, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone (202) 482-4733.

Applicable Statute

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 (the Act) by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department's regulations are to the regulations as amended by the interim regulations published in the **Federal Register** on May 11, 1995 (60 FR 25130).

Background

On October 19, 1993, the Department published the antidumping duty order on HSLWs from the PRC in the **Federal Register** (58 FR 53914). On October 1, 1996, the Department published a notice in the **Federal Register** (61 FR 51259) notifying interested parties of the opportunity to request an administrative review of the antidumping duty order on HSLWs from the PRC. On October 30 and 31, 1996, in accordance with 19 CFR 353.22 (a), the petitioner and ZWG, respectively, requested that the Department conduct an administrative review of ZWG, also known as Hangzhou Spring Washer Plant. The notice of initiation of this administrative review was published on November 15, 1996 in the **Federal Register** (61 FR 58513). The Department is conducting this administrative review in accordance with Section 751 of the Act.

Scope of Review

The products covered by this review are HSLWs of carbon steel, of carbon alloy steel, or of stainless steel, heat-treated or non-heat-treated, plated or non-plated, with ends that are off-line. HSLWs are designed to: (1) Function as a spring to compensate for developed looseness between the component parts of a fastened assembly; (2) distribute the load over a larger area for screws or bolts; and (3) provide a hardened bearing surface.

The scope does not include internal or external tooth washers, nor does it include spring lock washers made of other metals, such as copper.

HSLWs subject to this review are currently classifiable under subheading 7318.21.0030 of the Harmonized Tariff Schedule of the United States (HTS). Although the HTS subheading is provided for convenience and Customs purposes, the written description of the scope of this proceeding is dispositive.

This review covers the period October 1, 1995 through September 30, 1996.

Separate Rates Determination

To establish whether a company operating in a state-controlled economy is sufficiently independent to be entitled to a separate rate, the Department analyzes each exporting entity under the test established in the *Final Determination of Sales at Less Than Fair Value: Sparklers from the People's Republic of China* (56 FR 20588, May 6, 1991) (*Sparklers*), as amplified by the *Final Determination of Sales at Less Than Fair Value: Silicon Carbide from the People's Republic of China* (59 FR 22585, May 2, 1994) (*Silicon Carbide*). Under this policy,
