#### **Circular Welded Non-Alloy Steel Pipe From the Republic of Korea: Extension of Time Limit for Preliminary Results, Partial Termination of Antidumping Duty Administrative Review and Initiation of Changed Circumstances Review**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (the Department) is extending the time limit for the preliminary results in the fourth administrative review of the antidumping duty order on circular welded non-alloy steel pipe from the Republic of Korea, covering the period November 1, 1995 through October 31, 1996, since it is not practicable to complete the review within the time limits mandated by the Tariff Act of 1930 (the Act), as amended, 19 U.S.C. 1675(a)(3)(A). In addition, the Department is terminating this administrative review with respect to one company, i.e., Dongbu Steel Company, Ltd. (Dongbu), based upon a withdrawal of the request for review by Sawhill Tubular Division-Armco Inc., Allied Tube and Conduit Corporation and Wheatland Tube Company, the petitioners in this proceeding and the party who requested the review of Dongbu. At this time, the Department is also initiating a changed circumstances review at the request of SeAH Steel Corporation (SeAH).

**EFFECTIVE DATE:** July 15, 1997.

**FOR FURTHER INFORMATION CONTACT:** Rosa Jeong, Marian Wells or Cynthia Thirumalai, Import Administration, U.S. Department of Commerce, Room 3099, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482-1278, 482-6309 or (202) 482-4087, respectively.

**APPLICABLE STATUTE AND REGULATIONS:** Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act (URAA). All citations to the Department's regulations are references to the regulatory provisions in effect on the date that the request for review was made, to the extent that those regulations were not invalidated by the URAA or replaced by the interim final regulations published on May 11, 1995 (60 FR 25130).

## SUPPLEMENTARY INFORMATION:

### Background

On December 16, 1996, the Department initiated an administrative review of the antidumping duty order on circular welded non-alloy steel pipe from the Republic of Korea, covering the period November 1, 1995 through October 31, 1996 (61 FR 66017) based upon a request by certain exporters/producers of the subject merchandise and the petitioners in this proceeding. Petitioners' request covered six companies, including Dongbu. In our notice of initiation, we stated that we intended to issue the preliminary results of this review no later than 245 days from the last day of the anniversary month of the order. On March 27, 1997, we received a request from SeAH to conduct a changed circumstances review of the order in this proceeding (see 57 FR 42942 (September 29, 1992)).

### Postponement of Preliminary Results of Review

Section 751(a)(3)(A) of the Act requires the Department to make a preliminary determination within 245 days after the last day of the anniversary month of an order for which a review is requested. However, if it is not practicable to issue the preliminary results in 245 days, section 751(a)(3)(A) allows the Department to extend this time period to 365 days. We determine that it is not practicable to issue the preliminary results within 245 days because this review involves collecting and analyzing information from a large number of companies, examining allegations of sales below the cost of production for some companies and novel issues regarding company affiliations. Accordingly, the deadline for issuing the preliminary results of this review is now no later than December 1, 1997. The deadline for issuing the final results of this review will be 120 days from the publication of the preliminary results.

### Partial Termination of Administrative Review

Ordinarily, parties have 90 days from the publication of the notice of initiation of review in which to withdraw a request for review. See 19 CFR 353.22(a)(5). We received a request for rescission of the review from Dongbu on January 8, 1997. However, the petitioner did not withdraw its request for review with respect to Dongbu until June 11, 1997 (after the conclusion of the 90-day time period).

Given that the review has not progressed substantially and there would be no undue burden on the

parties or the Department, the Department has determined that it would be reasonable to grant the withdrawal at this time. Therefore, in accordance with section 353.22(a)(5) of the Department's regulations, the Department has terminated this administrative review with respect to Dongbu.

#### Initiation of Changed Circumstances Review

On March 27, 1997, SeAH requested that the Department conduct a changed circumstances review to determine that SeAH is the successor firm of Pusan Steel Pipe (PSP), a company examined during the less-than-fair-value (LTFV) investigation (see *Final Determination of Sales at Less Than Fair Value: Circular Welded Non-Alloy Steel Pipe from the Republic of Korea*, 57 FR 42942 (September 29, 1992)). SeAH amended its request on May 13, 1997 by including certain documents examined by Department officials during verification for the first administrative review.

The information submitted by SeAH shows changed circumstances sufficient to warrant a review. Therefore, we are initiating a changed circumstances administrative review pursuant to section 751(b)(1) of the Act to determine whether or not SeAH is the successor firm to PSP and is, as a result, subject to PSP's cash deposit rate.

This notice is in accordance with section 751 of the Act and 19 CFR 353.22.

Dated: July 7, 1997.

We initiated the review on September 17, 1996 (61 FR 48882).

Under section 751(a)(3)(A) of the Act, the Department may extend the deadline for completion of an administrative review if it determines that it is not practicable to complete the review within the statutory time limit of 365 days.
