SUPPLEMENTARY INFORMATION:

I. Abstract

The International Trade Administration, International Buyer Program (IBP), encourages international buyers to attend selected domestic trade shows in industries with high export potential, and facilitates contact between U.S. exhibitors and foreign visitors. The program's success has been demonstrated by the substantial increase in the number of foreign visitors attending these selected shows as compared to the attendance when not supported by the program. The application is the vehicle used by a potential show organizer to provide his/her (1) experience, (2) ability to meet the special conditions of the IBP, and (3) strategy for promoting the domestic trade show. The exhibitor data form is completed by U.S. exhibitors participating in an IBP domestic trade show and used to list the firm and its product in an Export Interest Directory

which is distributed worldwide for use by Foreign Commercial Officers in recruiting delegations of international buyers to attend the show. Among the criteria used to select these shows are: export potential, international interest, scope of the show, stature of the show, exhibitor interest, overseas marketing, logistics, and cooperation of show organizers.

II. Method of Collection

The written application is sent to the Department of Commerce, International Trade Administration, International Buyer Program, for review and selection.

Circular Welded Non-Alloy Steel Pipe From the Republic of Korea: Extension of Time Limit for Preliminary Results, Partial Termination of Antidumping Duty Administrative Review and Initiation of Changed Circumstances Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is extending the time limit for the preliminary results in the fourth administrative review of the antidumping duty order on circular welded non-alloy steel pipe from the Republic of Korea, covering the period November 1, 1995 through October 31, 1996, since it is not practicable to complete the review within the time limits mandated by the Tariff Act of 1930 (the Act), as amended, 19 U.S.C. 1675(a)(3)(A). In addition, the Department is terminating this administrative review with respect to one company, i.e., Dongbu Steel Company, Ltd. (Dongbu), based upon a withdrawal of the request for review by Sawhill Tubular Division-Armco Inc., Allied Tube and Conduit Corporation and Wheatland Tube Company, the petitioners in this proceeding and the party who requested the review of Dongbu. At this time, the Department is also initiating a changed circumstances review at the request of SeAH Steel Corporation (SeAH).

EFFECTIVE DATE: July 15, 1997.

FOR FURTHER INFORMATION CONTACT: Rosa Jeong, Marian Wells or Cynthia Thirumalai, Import Administration, U.S. Department of Commerce, Room 3099, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482-1278, 482-6309 or (202) 482-4087, respectively.

APPLICABLE STATUTE AND REGULATIONS: Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act (URAA). All citations to the Department's regulations are references to the regulatory provisions in effect on the date that the request for review was made, to the extent that those regulations were not invalidated by the URAA or replaced by the interim final regulations published on May 11, 1995 (60 FR 25130).

SUPPLEMENTARY INFORMATION:

Background

On December 16, 1996, the Department initiated an administrative review of the antidumping duty order on circular welded non-alloy steel pipe from the Republic of Korea, covering the period November 1, 1995 through October 31, 1996 (61 FR 66017) based upon a request by certain exporters/producers of the subject merchandise and the petitioners in this proceeding. Petitioners' request covered six companies, including Dongbu. In our notice of initiation, we stated that we intended to issue the preliminary results of this review no later than 245 days from the last day of the anniversary month of the order. On March 27, 1997, we received a request from SeAH to conduct a changed circumstances review of the order in this proceeding (see 57 FR 42942 (September 29, 1992)).

Postponement of Preliminary Results of Review

Section 751(a)(3)(A) of the Act requires the Department to make a preliminary determination within 245 days after the last day of the anniversary month of an order for which a review is requested. However, if it is not practicable to issue the preliminary results in 245 days, section 751(a)(3)(A) allows the Department to extend this time period to 365 days. We determine that it is not practicable to issue the preliminary results within 245 days because this review involves collecting and analyzing information from a large number of companies, examining allegations of sales below the cost of production for some companies and novel issues regarding company affiliations. Accordingly, the deadline for issuing the preliminary results of this review is now no later than December 1, 1997. The deadline for issuing the final results of this review will be 120 days from the publication of the preliminary results.

Partial Termination of Administrative Review

Ordinarily, parties have 90 days from the publication of the notice of initiation of review in which to withdraw a request for review. See 19 CFR 353.22(a)(5). We received a request for rescission of the review from Dongbu on January 8, 1997. However, the petitioner did not withdraw its request for review with respect to Dongbu until June 11, 1997 (after the conclusion of the 90-day time period).

Given that the review has not progressed substantially and there would be no undue burden on the
