

Time and Date: 12:30 p.m.–5:30 p.m., July 30, 1997.

Place: Teleconference originating at the NIOSH Grants Office, 1095 Willowdale Road, Morgantown, West Virginia 26505–2888.

Status: The meeting will be closed in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), title 5 U.S.C., and the Determination of the Associate Director for Management and Operations, CDC, pursuant to Pub. L. 92–463. Application(s) and/or proposal(s) and the discussions could reveal confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the application(s) and/or proposal(s), the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Purpose: The Task Group Session of the Safety and Occupational Health Study Section will review, discuss, and evaluate grant application(s) in response to the Institute's Request for Application Number 722, entitled "Intervention Studies for Construction Safety and Health."

It is the intent of NIOSH to support broad-based research endeavors which will lead to the prevention of work-related diseases and injuries in the construction industry by designing, implementing, and evaluating measures to reduce occupational hazards. If prevention measures are not currently available, new technologies should be developed for controlling hazardous exposures. Such new technologies must be evaluated to determine that the prevention measures are feasible, even for smaller businesses. Intervention research, of which control technology is a part, examines the utility and impact of new and existing preventive measures in the workplace. It is anticipated that research funded will promote these goals.

Agenda items are subject to change as priorities dictate.

Contact Person for More Information: Pervis C. Major, Ph.D., Scientific Review Administrator, Office of Extramural Coordination and Special Projects, Office of the Director, NIOSH, 1095 Willowdale Road, Morgantown, West Virginia 26505–2888, telephone 304/285–5979.

Dated: July 9, 1997.

Carolyn J. Russell,

Director, Management Analysis and Services Office, Centers for Disease Control and Prevention (CDC).

Centers for Disease Control and Prevention

Meeting

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92–463), the Centers for Disease Control and Prevention (CDC) announces the following committee meeting:

Name: Task Group Session of the Safety and Occupational Health Study Section, National Institute for Occupational Safety and Health (NIOSH).

Times and Dates: 8 a.m.–5:30 p.m., August 13, 1997. 8 a.m.–5:30 p.m., August 14, 1997.

Place: Hyatt Regency Washington on Capitol Hill, 400 New Jersey Avenue, Washington, DC, 20001.

Status: The meeting will be closed in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), title 5 U.S.C., and the Determination of the Associate Director for Management and Operations, CDC, pursuant to Pub. L. 92–463. Application(s) and/or proposal(s) and the discussions could reveal confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the application(s) and/or proposal(s), the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Purpose: The Task Group Session of the Safety and Occupational Health Study Section will review, discuss, and evaluate grant application(s) in response to the Institute's Request for Application Number 725, entitled "Childhood Agricultural Safety and Health Research."

It is the intent of NIOSH to support broad-based research endeavors which will maximize the safety and health of children and adolescents exposed to agricultural production hazards by expanding the knowledge base regarding etiology; outcomes; intervention strategies; and the effectiveness of commonly utilized educational materials and methods.

Research may address children directly involved in work tasks and/or other children exposed to agricultural production hazards. The funded research projects should cover a variety of types of agricultural production in different geographical regions (e.g. tomato harvesting in California, dairy farms in Wisconsin, and blueberry picking in Maine). It is anticipated that

research funded will promote these goals.

Agenda items are subject to change as priorities dictate.

Food and Drug Administration

[Docket No. 97N–0260]

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing an opportunity for public comment on the proposed collection of certain information by the agency. Under the Paperwork Reduction Act of 1995 (the PRA), Federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information and to allow 60 days for public comment in response to the notice. This notice solicits comments on voluntary customer/partner service surveys to implement Executive Order 12862.

DATES: Submit written comments on the collection of information by *(insert date 60 days after date of publication in the Federal Register.)*

ADDRESSES: Submit written comments on the collection of information to the Dockets Management Branch (HFA–305), Food and Drug Administration, 12420 Parklawn Dr., rm. 1–23, Rockville, MD 20857. All comments should be identified with the docket number found in brackets in the heading of this document.
