Summary of Order

1. Kaiser Foundation Hospitals and Health Plan, Inc. (Kaiser), filed a Petition for Permanent Waiver asking the Commission to grandfather Kaiser's existing Special Emergency Radio Service (SERS) wide-area, paging system that operates on 453.025 MHz from eight stations in the Southern California metropolitan area.

2. On January 14, 1993, the Commission established the Emergency Medical Radio Service (EMRS) as a new Public Safety Radio Service under Part 90 of the Commission's Rules, 47 CFR Part 90. See *Report and Order*, 8 FCC Rcd 1454 (1993). Of the frequencies reallocated for EMRS use, four were previously assigned for one-way paging operations by entities eligible in the SERS. The four frequencies reallocated are as follows: 453.025 MHz, 453.075 MHz, 453.125 MHz, 453.175 MHz.

3. The *Report and Order* provided a waiver process for grandfathering existing one-way medical paging systems on the subject frequencies. Pursuant to this approach, if a licensee currently operating on a one-way paging channel demonstrates that there is adequate spectrum for EMRS transmissions in its area of operation, or that relocation of its medical paging system would not serve the public interest, or relocation would cause significant disruption of public safety communications, its system would be grandfathered by waiver. Otherwise, licensees operating on these 453 MHz frequencies are required to cease operations after January 14, 1998. In its Petition for Waiver, Kaiser seeks to demonstrate that it has met each of the three criterion justifying permanent waiver of the Commission's Rules.

FEDERAL EMERGENCY MANAGEMENT AGENCY

[FEMA-1174-DR]

North Dakota; Amendment to Notice of a Major Disaster Declaration

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Notice.

SUMMARY: This notice amends the notice of a major disaster for the State North Dakota (FEMA-1174-DR), dated April 7, 1997, and related determinations.

EFFECTIVE DATE: June 18, 1997.

FOR FURTHER INFORMATION CONTACT: Madge Dale, Response and Recovery Directorate, Federal Emergency Management Agency, Washington, DC 20472, (202) 646-3260.

SUPPLEMENTARY INFORMATION: Notice is hereby given that, in a letter dated June 18, 1997, the President amended the cost-sharing arrangements concerning Federal funds provided under the authority of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 51521 *et seq.*), in a letter to James L. Witt, Director of the Federal Emergency Management Agency, as follows:

I have determined that the damage in certain areas of the State of North Dakota,

resulting from severe flooding, severe winter storms, heavy spring rain, rapid snowmelt, high winds, ice jams, ground saturation due to high water tables, and fires beginning on February 28, 1997, and continuing through May 24, 1997, is of sufficient severity and magnitude that special conditions are warranted regarding the cost sharing arrangements concerning Federal funds provided under the Robert T. Stafford Disaster Relief and Emergency Assistance Act ("the Stafford Act").

Therefore, I amend my previous declaration to authorize Federal funds for Public Assistance at 90 percent of total eligible costs, except for direct Federal assistance costs and debris removal and emergency protective measures (Categories A and B) under the Public Assistance program which were authorized at 100 percent Federal funding. This 90 percent reimbursement applies to all eligible Public Assistance costs (Categories C through G).

This adjustment to State and local cost sharing applies only to Public Assistance (Categories C through G) costs eligible for such adjustment under the law. The law specifically prohibits a similar adjustment for funds provided to the State for the Individual and Family Grant program, mobile home group site development under Section 408, Temporary Housing, and Hazard Mitigation Assistance. These funds will continue to be reimbursed at 75 percent of total eligible costs.
